Packed with features!

1. Two stabilizer jacks standard on all models.
2. Ultra-lube axles eliminate the need to re-pack your bearings.
3. Look for the triangle on Hideout floor plans for the location of exterior access (pass-thru on most models) storage space.

4. Large windows help to enhance your views. Tinted safety glass is standard on all models.

5. The oversized residential kitchen sink is large enough for pots and pans.
