

08 VECTRA

SMARTSPACE™
WEB

TRAVEL IN STYLE.

The 2008 Vectra® delivers quality and class to the core. As the flagship of the Winnebago® lineup, we started with a revolutionary chassis design: the all new Maxum™ Chassis. We worked closely with Freightliner® to develop the chassis with its lowered-rail design that creates a stronger chassis with unsurpassed storage and improved ride and handling, in addition to its powerful Cummins®

ISL 8.9L 425-hp engine. Of course, your friends and neighbors will be impressed by the exterior styling and the well-appointed interior that surrounds you with comfort. Our SmartSpace™ design philosophy ensures these features are selected for maximum user benefit. If you dream about traveling in true comfort and style, make it a reality in the Winnebago Vectra.

LIVE IN LUXURY

Every aspect of the Vectra says "relax in comfort." A sleek Euro Chair and available electric fireplace in the 40FD put you at ease and an available UltraLeather™ sofa/sleeper in the 40FD and 40KD is a great place to wind down. Solid-wood cabinetry with its beautiful catalyzed topcoat finish provides an added touch.

After a day of adventures, you'll be treated to movies and programs on the finest home theater equipment. A 37" LCD-HDTV (40FD and 40TD) or 32" LCD-HDTV (40KD) brings movies to life. The Sony® Home Theater Sound System provides a true surround-sound experience while the 2,000-watt inverter/charger lets you enjoy your favorite programs and other 110-volt appliances even when you're not connected to shoreline or generator power.

Floor-ducted heating and ceiling-ducted TrueAir® residential central air conditioning maintain your ideal climate. A heat pump is standard to help take the chill off cool nights. Dual-glazed, flush-mounted windows come standard and provide added thermal efficiency. Day/night pleated shades offer full control over light and privacy levels. Choose the available automatic start system and the 8,000-watt Cummins Onan® Quiet Diesel™ generator will automatically kick in when your house batteries need a charge.

WEB Select a Key Feature

The **WEB** icon designates a Winnebago Industries Key Feature. For further in-depth information and photos, use the Drop-down Menu or click on the 'Key Features' page at winnebagoind.com.

40TD Metropolis with Honey Cherry

40TD Ceramic tile flooring, beautiful hardwood cabinetry and vast storage are just a few of the Vectra's many residential features.

THEATER SEATS Choose theater seating for a complete cinematic experience (40TD only).

WEB **REST EASY**® This multi-position lounge glides from a couch to a recliner to a comfortable bed at the touch of a button.

FULL-EXTENSION DRAWER SLIDES

Drawers are sized to maximize storage, hold tight with positive latches and open fully for easy access to stored items.

40TD

REFRIGERATOR/FREEZER

Your Vectra features a four-door refrigerator/freezer with Titanium Touch™ stainless finish doors that have the look of stainless steel, resist fingerprints and are warmer to the touch than traditional stainless steel. As an added benefit, you can use your favorite kitchen magnets.

A CHEF'S DELIGHT

We made elegance a priority in the kitchen area, providing top-of-the-line amenities like solid-surface Corian® countertops, stainless steel appliances and a pullout pantry. Upgrade the 30" microwave/convection oven to the G.E. Advantium™ Speedcook oven for greater cooking flexibility.

The double-bowl stainless steel sink with Moen® pullout sprayer makes meal preparation and cleanup a breeze. A separate faucet provides clear, cool Aqua-Pure® filtered water on demand.

A dining table and four chairs come standard on every model. You can also choose the comfort and storage of the BenchMark® full comfort dinette or the new table/buffet.

DISHWASHER Make meal cleanup a snap with the available drawer-style dishwasher. It features single-touch programming and uses as little as two gallons of water.

DINING TABLE The dining table set easily expands to seat four people.

RECYCLING CENTER Separate trash from recyclables in the handy slideout bins (40FD and 40WD).

THE COMFORTS OF HOME

A plush queen-size bed or king-size bed on the 40KD, spacious slideout and added touches like a ceiling fan make the bedroom your personal retreat. Sit back and watch your favorite programs on a 20" LCD TV. A rear stereo system is also provided so you can enjoy AM/FM stereo, CDs and DVDs. It also includes an alarm clock, headphone jack and MP3 input to expand your listening options.

The bathroom offers high-end touches like a granite-look shower and ceramic tile floorcovering. You'll always enjoy a consistently hot shower thanks to a high-output water heater and a Moen Posi-Temp® valve that eliminates temperature fluctuations.

40TD Metropolis with Honey Cherry

sleep  number
by SELECT COMFORT

WEB SLEEP NUMBER BED
Digital remotes let you adjust each side of the Sleep Number bed independently to your ideal level of comfort and support. Your Sleep Number – the Key to a Better Night's Sleep.™

BENCH Gaze out the window or read a book on this cozy bench with storage below.

WASHER/DRYER
The available combination washer/dryer features multiple wash, time and temperature cycles, giving you the convenience of doing your laundry without a trip to the Laundromat.

ENGINEERED TO IMPRESS

Our engineers and designers pay meticulous attention to every detail. Vectra's dash is ergonomically designed, putting the driving controls at your fingertips. The SmartWheel™ steering wheel controls key functions and also tilts into perfect position.

You'll notice key navigation features close at hand, including an electronic compass, thermometer, available GPS system and a Sony® color rearview monitor for peace of mind when backing and maneuvering. An available sideview camera system activates with the turn signals for a better view through turns.

Bus-style power sunvisors, map lights and custom-crafted Stitchcraft cab seats with UltraLeather make every trip enjoyable. Add the six-way power seat pedestals for added comfort on long trips or evenings at home.

The RV Radio® includes an AM/FM stereo, CD player, weather band, and an auxiliary input for your iPod/MP3 player. Upgrade your RV Radio with the available Sirius® Satellite Radio package. Sirius brings you 130 channels of crystal clear programming and a free six-month subscription. The RV Radio with the Sirius Satellite package is iPod ready so you can listen to, and control, your iPod on the dash radio.

DASH You're in command when you take the wheel with controls that are conveniently positioned for ease of viewing and operation.

ADJUSTABLE PEDALS The automotive-style brake and accelerator pedals adjust at the push of a button.

WEB TRUELEVEL Eliminate tank-level guesswork with our exclusive TrueLevel™ holding tank monitoring system. It incorporates detector cells that detect liquid levels from outside the tank. No probes means no more corrosion, just accurate readings time after time.

WEB POWERLINE® Our energy management system monitors 110-volt electrical usage and automatically cycles postponable appliances on and off to prevent power overloads.

WEB TRUEAIR This residential-style central air conditioning system features a Coleman®.Mach® cooling unit in the basement that cools 40% faster and runs 10% quieter than roof-pod units. A new two-stage, dual-output furnace provides quieter operation and more consistent floor-ducted heating on 40TD.

KEYLESS REMOTE Unlock entrance and storage doors with the keyless remote.

WEB 3 position controls

Raise and lower the hydraulics from any of three convenient locations. Do the job from the driver's seat or step outside and use the controls at the entrance door or service center to monitor the jacks as you lower them. No hassle. No guesswork. Just a level coach at your convenience.

STORE IT RIGHT

In the Vectra, you can take it with you. The new Freightliner® Maxum™ Chassis features a lowered-rail design that increases the already abundant exterior storage capacity of the Vectra. New Smart Storage™ solutions were added, including movable panels and bins in the main compartment that offer a range of storage configurations. You may choose, instead, to have a 60" slideout tray that provides easy access to your gear. You'll also find storage for an included 7' folding step ladder that fits into a sleek storage sleeve.

Electrical and plumbing connections, such as the full-coach water filtration system, can be found in one convenient location and are color-coded and labeled for ease of use. There's even a place to clip gloves so they're always available when you need them. Other exterior enhancements include standard electric awnings and a screen door.

WEB **MAXUM CHASSIS** Contemporary full-body paint schemes, an expansive solitary windshield and seamless fiberglass sidewalls create a distinctive look.

ENTERTAINMENT CENTER Your available exterior entertainment center includes a 19" LCD TV and CD/DVD player.

WEB **SMART STORAGE**
The Maxum Chassis offers multiple storage configurations to fit your storage needs.

QuickPort **WEB**

QuickConnect **WEB**

SERVICE CENTER
The QuickPort® service connection hatch is fast, simple and allows you to close the bay doors while keeping hookups connected. The QuickConnect® coupling valve on the sewer hose makes for quick, clean hookups and has its own storage holster.

MAXUM CHASSIS

WEB

LEAVE NOTHING BEHIND

The Maxum Chassis™ offers up to 220 cubic feet of exterior coach storage so you can load up with everything you need for weeks on the road. The secret is its revolutionary lowered-rail design. This all-new feat of chassis engineering repositions the chassis frame rail increasing the cross-coach storage height for the most efficient use of space. Combined with Winnebago Industries'® Smart Storage™ philosophy, you get taller compartment openings, larger pass-through compartments, and a storage capacity that no other chassis in its class can match.

ENJOY THE RIDE

Winnebago Industries worked closely with Freightliner® to combine our exclusive SuperStructure® with the XCL Chassis to create a stronger, stiffer chassis for a whole new level of travel comfort. The Maxum Chassis eliminates much of the road vibration with a combination of innovative structural design and shock-absorbing components like rear air suspension. Take a ride in the Winnebago Vectra® and feel how the Maxum Chassis with its lower center of gravity, rigid framework and 60° wheel cut delivers the smoothest ride and handling ever.

THE MAXUM ADVANTAGE

- Independent front suspension
- 34,320 GVWR
- 425 hp ISL Cummins® clean air diesel engine
- Touchpad shifter
- Allison® 6-speed transmission
- Adjustable brake/accelerator pedals
- 10,000-lb. hitch⁶
- 4-wheel ABS anti-lock brakes
- NeWay® air suspension
- Engine compression brake
- 60° wheel cut
- Michelin® tires

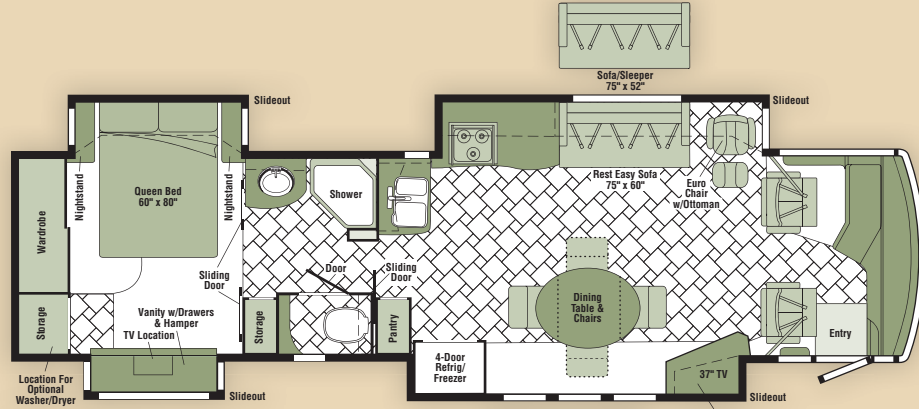

THE LEADER AT EVERY TURN™

3-Year/50,000-Mile Limited Warranty (including towing and roadside assistance)—more than 400 North American service locations, 60 Freightliner® RV Oasis locations and a 24/7 help line add up to a commitment your customers can count on.

- The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
 - Vectra floorplans feature a wide-body design – over 96" In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96" in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
 - The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
 - Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
 - Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
 - Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
 - See separate chassis warranty.
 - See your dealer for complete warranty information.

**BUILT BY WINNEBAGO INDUSTRIES.
BUILT TO LAST.**

Winnebago motor homes are built by Winnebago Industries, the company that defined motor homes. The company that built its reputation on quality construction. The company that transformed the motor home concept into a way of life.

Today, Winnebago Industries brings that reputation for quality and its 49-year history of motor home innovation to the design and construction of every motor home. It's all a part of SuperStructure,[®] our exclusive system of proprietary structural components that instills each motor home with improved strength and durability.

SOLID FOUNDATION Steel and aluminum truss work provides a solid, flat foundation for the floor and sidewalls. Winnebago Industries engineers also take special care to distribute the weight of components to ensure proper handling and stability.

INTERLOCKING JOINTS

The floor, sidewalls and roof are all integrally connected using interlocking joints. This creates a coach body that acts as a cohesive unit for improved strength and durability.

E-COATING Winnebago Industries employs an exclusive 12-stage automotive-style dip tank process to apply an advanced electrodeposition coating on critical steel components for superior corrosion protection.

WEB

THERMO-PANEL[®] SIDEWALLS Invented by Winnebago Industries, Thermo-Panel construction combines a fiberglass panel, high-density, block-foam insulation and aluminum support structures to create some of the most durable, lightweight sidewalls in the industry.

ATTENTION TO DETAIL Whether it's sending every coach through a high-pressure water tunnel to check for leaks or labeling each individual wire and bar coding parts to save time and frustration during service, Winnebago Industries considers every detail to ensure your Winnebago motor home provides you with years of pleasure.

STRONG AS STEEL Appliances are secured directly to embedded steel plates for added safety. Windshields are also mounted in steel with an automotive-style sealant; lesser designs use a rubber gasket to mount the windshield in fiberglass.

1-year-old Winnebago fiberglass roof

1-year-old competitor's rubber roof

FIBERGLASS ROOF The Vectra features a crowned, one-piece fiberglass roof, backed with a 10-year limited parts-and-labor roof skin warranty. Fiberglass offers superior strength, attractiveness and durability over the rubber roofs found on many competitive models which can chalk, streak and degrade over time. Fiberglass also provides increased puncture and tear resistance.

TAKE A TOUR We're proud of our process, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our factory in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

RECOGNIZED QUALITY The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle award to manufacturers who provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer to receive this award every year since its inception.

COMMITTED TO SERVICE We back our motor homes with the industry's best service after the sale.

- 12-month/15,000-mile basic limited warranty
- 36-month/36,000-mile warranty on structure
- Standard 10-year limited parts-and-labor roof skin warranty
- Complimentary 24-hour roadside assistance program
 - RV Technical Assistance Hotline
 - RV Service Appointment Assistance
 - Emergency Trip Interruption
 - Emergency Message Service
 - Nationwide Trip Routing
 - Fee-Free Travelers Cheques
- TripSaver Fast Track Parts. TripSaver guarantees that in-stock warranty parts ship directly to your dealer within 24 hours.
- National dealer service network

WIT CLUB Winnebago owners are like family. Joining the Winnebago-Itasca Travelers is a great way to meet and travel with other Winnebago enthusiasts.

- Members enjoy:
- Caravans and rallies
 - Local and state group activities
 - RV travel benefits
