A COMPLETE LINE-UP OF SMART & SPACIOUS LAYOUTS

COAST

Imagine the joy of a walk along the shore, the serenity of an ocean breeze and the comforts and design of home.

Introducing the Coast travel trailer by MVP RV. Designed for travelers who seek new destinations or nearby favorites, the Coast was created with comfort, style and function in mind. But the Coast is about more than just style. The ultra-light weight makes long hauls a breeze. Coast was designed with extra storage and easy loading, making traveling easier and more efficient.

And we've taken steps to ensure that you'll coast to your destination with a superior ride. The shorter hitch directs airflow above and below the trailer—creating less wind drag and increasing towing stability. Fluid exterior graphics and a patent-pending one-piece laminated and crowned roof complete the sleek profile. From coast to coast—and everywhere in between—travel in style and comfort in the Coast.
