

MXI

Our relentless pursuit is excellence.

MXT 267

Graystone

Top of the line furniture enhances the feel and comfort of a true toy hauler. Sit and entertain or fold it down to expand the sleeping capacity for additional overnight guests. The sofa quickly stows against the wall to make room for loading your toys.

This 60" x 75" Queen bed features decorative coordinates as well as comfort.

With the roll down screen wall, you can keep an eye on the action without all the bugs

The optional rear door swings up and the loading ramp slides out from under the floor, providing a nice interior wall on the door as well as protection from the elements. Another thoughtful design from KZ Recreational Vehicles.

Stretch out on the large, comfortable, power lift bed for a restful nap or a good night's sleep. This MXT provides the comforts you're looking for.

MXT

MX-T 267

Lava

Bunk beds raise and lower to provide plenty of sleeping capacity. Swing up rear door allows for a clean interior wall rather than the conventional floor look.

MXI

Swivel arm flat screen TV can be viewed from various locations inside as well as outside through the window.

Coordinated interior décor throughout offers a clean look in the master bedroom.

There is plenty of floor space to move yourself around as well as your favorite toys. Durable floor and cabinetry are very functional.

Attractive corner shower is both roomy and functional.

MXT 266

Graystone

The look is sleek and clean with smoked glass cabinet fronts. The space expanding slide-out provides an incredible work space in this kitchen/serving bar. Hide-away stove top (and even the faucet hardware) fold down to stow neatly into the countertop. This model is equipped with the optional sound system with bass speakers – there's no other like it!

MXR

Contemporary styling and patent pending technology make this toy hauler as comfortable as it is functional – inside and out!

Bath and bedroom provide for your comfort and rest.

MXT

Standards & Features

Optional Outside marine controls help you control your entertainment system.

The MXT's spacious interior can accommodate 2 to 4 bikes or 2 four wheelers when the furniture is stowed in the upright position.

Load your toys with relative ease using our standard equipped ramp extension and legs.

Stow your generator, fuel cans and other essentials on our lightweight utility tray.

77 cubic feet of lighted pass through storage allows you to take just about anything along.

Each line of KZ Recreational Vehicles is randomly tested in our state of the art rain booth. The rain may spoil your fun outside but it won't inside.

Our relentless pursuit is excellence.

KZ Recreational Vehicles began its relentless pursuit of excellence in 1972. The company's goal was to build travel trailers with quality from top to bottom.

In addition, KZ made a commitment to provide top-notch service to new and existing customers, as well as its many RV dealerships.

Today, KZ continues to pursue those goals with quality materials, dedicated workmanship, quick and courteous service and innovative designs.

The pursuit of excellence is its own reward... but it's also nice when others recognize it. KZ Recreational Vehicles has earned the prestigious Dealer Satisfaction Index Award from the Recreational Vehicle Dealers Association seven times. This award means KZ was in the top 20 percent in each category of the RVDA's Dealer Satisfaction Index.

KZ Recreational Vehicles continues to offer the same level of service year after year.

2X2 WARRANTY – The KZ Recreational Vehicles 2x2 Warranty is a manufacturer's warranty. Each KZ product is warranted to the original purchaser for twenty-four (24) months from the original date of purchase. Coverage includes appliances, components, construction and FULL structure. The appliances and other amenities are warranted by the individual manufacturers of those components, not KZ. Our warranty is also transferable within the first two (2) years for a small processing fee. For a copy of the warranty with full terms and conditions, ask your local KZ Dealer or visit our web site at <http://www.kz-rv.com>.

VEHICLE LOADING – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Each owner is responsible to select loads allowing the recreational vehicle to remain within the manufacturer's specified chassis weight limits. Do not overload the recreational vehicle.

UNLOADED VEHICLE WEIGHT (UVW) – The typical weight of this trailer as built at the factory. The UVW does not include cargo, LP gas, fresh water, options or dealer-installed accessories.

GROSS VEHICLE WEIGHT RATING (GVWR) – The maximum permissible weight of the trailer, including the UVW plus passengers, all cargo, personal items, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the NCC.

NET CARRYING CAPACITY (NCC) – The maximum weight of all passengers, personal items, fresh water, food, tools, LP gas, other cargo and dealer-installed accessories* that can be carried by the trailer. NCC is equal to or less than GVWR minus UVW.

* The addition of options will decrease the NCC.

It is important for your safety and enjoyment that your tow vehicle be adequately sized and equipped to tow and handle the GVWR of the RV you select. Review weights and rating of your tow vehicle and consult a competent advisor for questions or advice. Whether you are new to RVing or a seasoned veteran, get a feel for the performance of your tow vehicle and the RV together before heading out on the roadways. When you tow an RV, you must drive differently than you do when driving a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction.

See specification charts. KZ affixes a weight label to each new RV which lists weight information for that vehicle.

NOTE: This information is intended as a guide only. Weights of individual vehicles are approximate. Consult your Owner's Manual for complete loading, weighing and towing instructions. All weights may vary.
