Raptor: rap'tər ' rapto' raptare, raptavi, rapt

You'll never believe us, but this is our garage. Don't be concerned, this garage is full width, with no obstructions (over 98" interior width). This means that the entire garage is usable for any manner of toy or just awesome storage and, as you can see, plenty of room for a 2nd HUGE living space. Whether it be for watching the game, the latest Pixar movie, or just relaxing, nothing delivers ZONE living like Raptor.

atus - to seize and carry off; raptor

We have taken this meaning to heart. Our mission is to help you seize and make the most out of every day, every moment and every place. So, load it all, carry it off and seize the day . . . on us!!!

the *choice?*

Are we going camping or riding? We say BOTH. Raptor has the largest bunk house bedroom in the industry that becomes a living room or garage at the touch of a button. So, if you want it all . . . you are in luck because **that's what we deliver.**

Shown above (361LEV, 380LEV) with built in fireplace with remote control. Our motto; compromise nothing.

Maple doors and drawers on all cabinets. Like we said before, compromise nothing.

Pull out faucet in all models with deep residential style sink . . . the Luxury continues.

RAPTOR

Engineered
for perfection

CONSTRUCTION

Welded 2-inch aluminum framing is at the heart of Raptor's 5-layer sidewall construction, engineered to make your Raptor strong and durable while creating an SUT that is easier to tow. Raptor's structural integrity assures you of strength, superior insulation, and durability for many years to come.

SIDEWALLS

1. Gel-Coated Filon Fiberglass
2. 1/8" Luan Wood Backer
3. Second Layer 1/8" Luan Wood Backer with Staggered Seams
4. Solid Block EPS (Expanded Polystyrene) Insulation
5. Radius Window Corner Blocks
6. Metal Backing Strips (EGS -Electro-Galvanized Sheet)
7. 2" Welded Aluminum Sidewall Studs
