

LAND AT YOUR FAVORITE DESTINATION IN STYLE!

**Pilot**

# Pilot

LAND AT YOUR FAVORITE DESTINATION IN STYLE!

Your first impression when you enter our new Pilot travel trailer is one of highly upgraded appointments, solid surface countertops with residential under mount sink, solid surface sink covers, 8 cu. ft. refrigerator with raised panel door inserts, 22" oven and three burner stove, Lane® brand home theater seating, Lane® brand hide-a-bed sofa, pendant lights, LED lights with dimmer switches, standard free standing dinette with 4 chairs and wood plank vinyl flooring.

*You'll soon notice the roomy feel of the living room and kitchen with the ever popular kitchen island with lots of storage and built in trash can, a 32" Jensen® LED TV with Samsung® home theater system including DVD and optional electric fireplace.*

*Pilot's bathroom includes a 40" residential size fiberglass shower with triple sliding glass doors, large bath sink with a wood medicine cabinet and mirror and a foot flush toilet. You will also find your systems monitor panel conveniently located here and easy to read.*

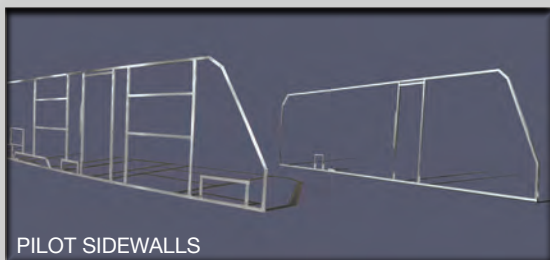

*Step into Pilot's bedroom, you will find luxurious appointments like a 60"X 80" residential size queen bed with upgraded mattress, bedspread and pillows. Plenty of doors and drawers with hanging wardrobes. Some models include a bedroom wardrobe/vanity slide for addition room.*

# Pilot FEATURES AND DECOR OPTIONS

The Pilot series travel trailer with its standard gelcoat fiberglass and painted gelcoat fiberglass front cap comes with additional features that are sure to enhance your camping experience. The open floor plans and generous storage allow you extra room for everything you want to bring. Sleeping on our comfortable 60"X 80" queen bed, you'll soon forget you are in the great outdoors. The spacious interior and picturesque view through the many large windows enable you to experience your surroundings in the comfort of your Pilot travel trailer.

PILOT SIDEWALLS

Your Pilot is constructed of 1.5" tubular aluminum framing in all openings. Is this necessary, we think so! Aluminum framed openings add strength and integrity to every Pilot sidewall. No other lightweight trailers compare.

SUPERIOR CONSTRUCTION

Pilot is one of the strongest light weight trailers because of our lamination process. High quality materials, 100% glue coverage and fully framed aluminum floor, roof, walls, fronts and backs provide you a structure built for your peace of mind.

ALUMINUM RIMS

Designer black split spoke rims add a stylish look to the exterior of every Pilot travel trailer.

EXTERIOR GRAB HANDLE

This oversized assist handle allows for safe entry and exit from your coach.

HEATED AND ENCLOSED UNDERBELLY

Pilot's aerodynamic underbelly is heated and enclosed along with your dump valves. The entire underbelly is warmed from the heat duct allowing you to use the coach in colder environments. The unique construction method opens up storage space above the floor, while lowering the units' center of gravity for easy towing and better stability.

SUPERIOR RIDE

Fully independent wheel suspension, no metal to metal contact, no springs, shackles, hangers or U-bolts to break or wear out. This provides your trailer a lower center of gravity for improved stability. Super lube hubs allow you to repack bearings quickly and easily without disassembly and with Nev-R-Adjust brakes you're sure to have confidence while braking.

FANTASTIC FANS

Fantastic fans are standard in all Pilot bathrooms. This 12" 10 blade bath fan significantly increases air circulation and the removal of condensation as compared to the industry standard smaller bath vent.

50 AMP SERVICE

No worries on having enough to power your Pilot, our standard 50 AMP service and detachable power cord provide you with the power you need, while the power cord easily stores in your storage compartment, requiring no additional holes in your sidewalls.

SAFARI

HARVEST

82" INTERIOR HEIGHT

Step into the Pilot and you will quickly notice the increased head room height, with our new industry standard setting barreled ceiling, you get 82" of head room throughout. This also allows us to increase the overhead storage areas. Pilot sets the pace for others to follow.

EXTERIOR CONTROL PANEL

Pilot's central utility center provides you with everything in one convenient location, tank valve controls, water connection, black tank flush, outside shower with sprayer hose, by-pass and winterization valves and wired for both cable and satellite separately. Please also notice our 6 gallon gas/electric DSI high output hot water heater along with the 30,000 BTU furnace.

EXTENDED DRIP RAILS AND DOWN SPOUTS

Keep the exterior of your coach in pristine condition with this great feature; it keeps rain water from streaking the side of your coach.

PASS THRU STORAGE

Plenty of room to take all your gear with our fully finished LED lit storage compartment. You are sure to have the room to bring along everything you need for that weekend getaway or your extended vacation.

SLAM LATCH BAGGAGE DOORS

These bus style latches make opening and closing your baggage doors convenient and easy.

EXTERIOR ENTERTAINMENT

Pilots optional outside entertainment system let you enjoy your music, favorite TV shows or sporting event right under your awning. Available with or without the optional 32" Jensen LED TV.

UNDER BED STORAGE

Under every Pilot queen bed you will find plenty of storage space for all your camping needs and with 80 lb. gas struts, access has never been easier.

FRAMELESS WINDOWS

Pilot uses frameless automotive type deep tinted windows, sleek in design and no screw covers to get dirty and shrink, these windows help keep your unit cooler in the summer and warmer in cold temperatures. Need extra insulation? We offer these windows with a bonded thermo-pane option.

ELECTRIC STAB JACKS

Set up is a breeze with Pilots push button electric stabilizer jacks.

#### PRE-DELIVERY INSPECTION FACILITY

20,000 square feet of quality assurance. The bare essentials for a premium product. This state-of-the-art facility gives immediate daily feedback to production for quality assurance in every unit built.

Forest River, Inc. encourages our customers to purchase their Forest River products from a local dealership whenever possible for the following reasons:

- 1) Forest River, Inc. dealers are independently owned and operated businesses so priority service and scheduling is at their discretion and is often provided to customers that purchased their unit at that dealership.
- 2) Purchasing locally allows customers to establish meaningful relationships with a dealer, enhancing the RV experience through assistance with product questions, user tips or RV regulations for your state or country, and much more!
- 3) Canadian customers must meet requirements to bring an RV purchased out of the country to their home. These requirements may involve additional inspections and certifications, taxes and fees. Your local Canadian Dealer is a professional at meeting these requirements.
- 4) Scheduling timely warranty repairs and adjustments through a local dealership provides far greater flexibility and convenience to you, the customer!

It is the goal of Forest River, Inc. that all of our RV owners fully enjoy the RV experience and that customer satisfaction meets or exceeds their expectations!

#### 24/7 EMERGENCY ROADSIDE ASSISTANCE

For a worry-free ownership experience

### Coach-Net<sup>®</sup>

Forest River includes one year of Coach-Net RV Technical & Roadside Assistance with each RV purchase. Whether new to the RV lifestyle or an experienced RV enthusiast, Forest River owners have 24/7 access to technical, operational and emergency road service coverage throughout the US & Canada. Coach-Net's fast, dependable service is just a phone call away.
