Intruder

Intruder Class A • By Damon Corporation

Long drives are a "gimme"
with the all new Intruder.

Easy Glider™ rates
★★★★ for outstanding
performance.

How the Damon diesel
makes all the difference.

Intruder Class A. Go where you want to go.

Go where you want to go. Do what you want to do. Nothing will stop you from having the time of your life when you own an Intruder Class A Motorhome from Damon. Built for strength, styled for luxury, designed for value, the new Intruder will take you everywhere you want to go in comfort and style.

Quality makes for smooth sailing.

Our new Gentle Ride System™ promotes a much smoother, more comfortable ride than you probably ever dreamed possible. Our super-strong chassis features a tough, ladder-type frame with deep, full-length steel side rails and welded crossmembers. *Plus*, the rubberized, shock-absorbing body mounts which make up our exclusive Gentle Ride System ensure that you, your family and friends will feel far less vibration from the road.

The superior chassis and our super-sturdy, extruded aluminum welded frame are

covered with highest-quality Mende Board exterior sidewalls, imported from Germany. These components are engineered to give you a smooth, clean exterior finished in Damon's own Ice White™ that is scratch resistant and easy to clean. *Everything* in your Intruder has been constructed for superior performance and value over the long haul.

Big on comfort, big on space.

Construction details continue inside your Intruder with superior insulation engineering and our Comfort Control Center™ temperature system. The domed roof features a unique, molded waffle design for outstanding insulation, acoustical enhancement and super-cool air conditioning through Intruder's improved ductwork. The system makes use of fundamental thermodynamics by delivering warm

air from the floor, where it naturally rises, and cool air from the ceiling, so it naturally falls. And you'll never be too warm or too cold with our thermostatically controlled heating.

You'll encounter more space with the Intruder, especially when it's equipped with the Damon Easy Glider™ slide-out room. This exclusive Damon design

(Model 352) The road to enjoyment is clear from the well-appointed cockpit of the Intruder. The panoramic windshield surrounds the driver the way the plush captain's chairs surround the driver and co-pilot in comfort.

automatically lowers the slide-out room to the same floor height as the adjacent living area. That's right ... a slide-out with a flat floor!

There's no irritating extra step to trip anyone up. And, as the name implies, the Easy Glider moves smoothly and quickly at the touch of a button.

Efficiency and elegance hallmark the Intruder interior.

The Intruder features our StepSaver™ kitchen, thoughtfully designed to maximize both floor and overhead space. Brand-name appliances include

a large, flush-mounted double-door refrigerator, and super-sized, double-bowl porcelain sink.

Kitchen options even include a single-lever faucet with sprayer hose and beautiful solid-surface countertops. And of course, our cabinetry is beautifully crafted with luxurious hardwood doors and provides homelike styling with plenty of durable storage space.

In the bedroom, the queen-size bed is finished with coordinating bedspread and headboard. And throughout the Intruder's interior you'll find the extra-special touches we call Damon Designer Details™. Like the big storage drawer under the sink. Wall clock and mirrors. Pin-up lights. And beautiful fabric styling by designers such as Karl Miller. No detail has been overlooked in the design of your Intruder.

Easy maintenance and plenty of storage.

Vehicle maintenance has been greatly improved with our Easy Access Battery Box™, which puts the electrical system of the vehicle at your fingertips. Our new One Flush System™ greatly simplifies the process of emptying your waste tanks.

ONE Flush System

Basement storage has become a popular feature on many Class A motorhomes, including Intruder. Most competitive models, however, have small doors so the benefits of basement storage are minimized. By contrast, your Intruder is equipped with extra-large doors on our spacious basement storage compartments so there's room for everything you need to make your trip absolutely perfect. You, your family and friends deserve nothing less.

Every Intruder passes our inspection before it passes yours.

Damon's own StartRight Quality Assurance™ program is our promise to our customer that their Intruder is in top-notch condition. Unlike many other manufacturers, Damon conducts a rigorous 80-point inspection test on every model before it ever goes to your dealer. This procedure helps ensure that

Start Right Quality Assurance

Great for long drives

Some people still think recreational vehicles are just for camping. But more and more people are discovering that a quality motorhome, like the all new Damon Intruder, is the best way to get away no matter how you like to play. A weekend in the city. A trip to homecoming. Or to tee it up at that great new golf resort down on the Carolina coast.

every system in your RV is up to par for your enjoyment and satisfaction — and ours.

Damon Corporation has built a superior reputation on the quality, dependability and absolute value of every RV we manufacture. So if you're in the market for a quality Class A motorhome, you needn't look any further than the impressive new Intruder. See it at your local Damon dealer today.

Because you're always at home in your Intruder.

(Left) (Model 352) Look forward to easy living in the dining and living area of the Intruder with upholstered furniture tastefully presented in the China Tea decor package. Kitchen features double-bowl porcelain sink with cutting board cover. (Above) The Intruder's pantry, standard when available, packs plenty of provisions with particular efficiency.

DAMON: Intruder Class A

(Right) (Model 352) The living area of the Intruder is one of the most comfortable and expansive available anywhere. The L-shaped sectional sofa and matching window treatments shown here features the new China Tea decor package with the Pamrico Oak finish.

(Below) (Model 352) The bathroom of the Intruder isn't just practical, it's practically perfect with its enclosed shower stall, mirrored cabinet and larger sink.

(Bottom right) (Model 352) Nothing will intrude on your good night's sleep in the luxurious master bedroom of the Intruder, featuring queen-size bed, matching headboard, bedspread and valances, soft lighting and warm, rich cabinetry.

Discover the difference the Damon diesel makes.

More and more motorhome buyers are discovering the difference a rear-mounted diesel engine can make. A diesel "pusher," as it is commonly called, provides exceptional power. Serious power for the serious long-distance traveler.

Of course, diesel customers not only want driving power, they also want the best features available. That's why many of our most popular options are standard equipment on Intruder diesel pushers including a Kohler 7.0 generator, stainless steel wheel liners, oak plank flooring in the kitchen and oak refrigerator front.

Ask your dealer to show you these Damon diesel differences.

(Left) (Model 359) Many Intruder diesel customers expect nothing but the best of the best. A convection/microwave oven and other popular options are standard on diesel model floorplans. And the optional SE package features include the single-lever faucet with sprayer, stylish glass backsplash and solid-surface countertops.
(Above) (Model 359) The spacious bedroom of the Intruder with the SE package includes a designer headboard with mirror, bedspread with shams and throw pillows, Lambrequin window treatment with day/night shades and upgrade carpeting.

DAMON: Intruder Class A

Radius entry door with white anodized frame provides luxury and extended use.

Block foam insulation for superior energy efficiency integrates with extruded aluminum framework and Lauan decking to create a super-solid, crowned roof assembly.

Fully integrated front fiberglass cap displays luxury and style.

Aluminum framing prevents leakage and increases strength.

Your tinted front windshield provides a barrier from solar heat as well as reduced glare for added safety.

Pantographic, dual-arm windshield wipers offer greater visibility in adverse weather.

Front-mounted, convex exterior mirror for superior visibility and the user-friendly remote control offer precision adjustments at your fingertips.

Seamless, one-piece 1/2" floor decking reduces squeaks and road noise. No seams means a solid, level floor.

Steel-constructed fire wall provides additional safety and strength to the front of your Intruder Bus motorhome.

Damon's Gentle Ride™ system reduces NVH (noise, vibration and harshness) to ensure a more comfortable ride.

As part of Damon's 80-point StartRight Quality Assurance Program™, each Intruder Bus motorhome undergoes a computerized wheel alignment to help ensure a safe, trouble-free ride.

Lighted, cross-linked, seamless rotocast storage compartments provide a strong and water-tight seal for valuable exterior storage.

DAMON: Intruder Class A

Standard 13.5 BTU ducted roof air conditioning, part of Damon's Comfort Control Center™, offers efficient distribution of cool air.

Standard ceiling vents provide ventilation throughout the coach.

Painted, aluminum roof ladder for convenient access to roof storage.

One-piece E.P.D.M. seamless rubber roof offers a full 12-year warranty and is specifically formulated for exposure to the sun and natural elements.

Fully integrated rear fiberglass cap features a large-capacity rear trunk for your bulky storage needs. (Most Intruders average 106 cubic feet of spacious exterior storage.)

Intruder Bus' Ice White™ exterior is constructed of durable, easy-to-maintain, one-piece fiberglass.

Black anodized radius aluminum window frames with large, sliding glass windows tinted to offer solar heat reflection.

Totally enclosed, the heated **106-gallon** increased-capacity waste water holding tank compartments provide worry-free, extended seasonal use.

Damon's exclusive One Flush System™ allows you to empty all your waste water tanks from one convenient location. We even provide a sprayer hose for easy clean-up!

Every Intruder Bus has undercoating and a foam seal to provide an added barrier from the elements.

Extra-large **98-gallon** capacity, fully heated, enclosed freshwater tank offers extended use and reduces frequent stops during travel.

Full 1 1/2" expanded polystyrene block foam insulation in your Intruder Bus sidewall and floor increases energy efficiency and helps provide an excellent acoustical barrier.

High-quality residential carpet and padding provides comfort and insulation on top of your seamless, one-piece floor deck.

Intruder's heavy-duty 14 gauge, 12,000 pound capacity steel trusses are welded to the chassis for rugged strength and incredible safety.

Damon's exclusive Easy Glider™ hydraulic slide-out system provides additional head room and gives you a smooth, flat surface offering you and your guests additional safety.
