

Cardinal

BY FOREST RIVER

37RL

STUNNING EXTERIOR GRAPHICS

With models ranging in size from 30' to 37', there is sure to be a Cardinal floorplan to fit your family's needs and budget. A designer graphics package combines with the sleek front and rear fiberglass cap for a look that is sure to turn heads.

BEAUTIFULLY CRAFTED INTERIORS

The Cardinal Fifth wheel from Forest River features the perfect blend of fresh designer interiors, beautiful hand-crafted cabinetry and well thought-out, functional floorplans. Flush floor super slide-out rooms combine with large panoramic windows to create a more open feel of interior spaciousness. You'll appreciate the attention to detail found in every Cardinal, from the decorator window valances to the oak edged countertops and decorative oak trim accents found throughout the coach.

DESIGNED FOR MAXIMUM COMFORT AND LIVABILITY

When designing the Cardinal Fifth wheel, our customers provided valuable input which played a big role in the development of features like this innovative entertainment center/work desk/fireplace slide-out. Perfect for working on the computer or catching up with paper work. The entertainment center features a 27" color television, and cabinet for a VCR or DVD player, as well as an optional fireplace that can really warm up the living room on a chilly night. The rocker/recliners are great for reading or watching your favorite movies.

CARDINAL

DESIGNED WITH DETAILS IN MIND

The attention to detail is evident in the matching marble finish in the shower and sink. The sink features a single lever faucet and an extra deep sink basin right beside the shower for convenience.

Countertops shown in optional solid surface edge.

RESIDENTIAL BATHROOM AMENITIES

(Left) The foot-flush porcelain toilets are more sanitary than the plastic substitutes and add to the residential design in Cardinal bathrooms.

30TS

30TS SLIDE-OUT KITCHEN

(Shown above) Model 30TS slide-out kitchen gives you extra features like a combination range vent/microwave to keep the microwave lower to the floor. Cardinal also uses a refrigerator with a temperature control. Beautiful detailed "wood" molding around all the slide rooms is a hallmark that makes Cardinal more enjoyable.

DOUBLE REFRIGERATOR FLOORPLANS

Cardinal gives you three floorplans (35RLT, 36TS & 37RL) that come with two 8 cubic foot refrigerators to give you an abundance of food storage for those long stays.

CARDINAL

A RELAXING AND INVITING RETREAT

Another great Cardinal standard feature is our spacious bedroom slide-out configuration that allows for a beveled mirror wardrobe across the full width of the coach with 60" x 80" queen beds, or 72" x 80" king size beds (depending on model) as well as a convenient vanity area with an abundance of overhead and base cabinetry storage along the sidewall, including an area for a television. The dentil molding, located on the oak facia, can be found throughout the floorplan adding refined luxury to the bedroom. The bedroom and bathroom floors are on the same level – no stepping up or down in the middle of the night.

BIRCH

COLTON BLUE

OLIVE

CARDINAL INTERIOR COLORS

TRUE RESIDENTIAL STYLING

Cardinal's oversized glass shower enclosure with skylight above features more room than many residential showers. The large bedroom vanity with overhead cabinet gives you extra storage.

BEDROOM AMENITIES

Cardinal's bedroom hosts plenty of storage for anything you need on your trip. The solid oak raised panel doors and drawers, wood edged countertops and fluted opaque glass inserts are beautiful touches for the bedroom. A TV cabinet is provided for up to a 19" TV.

MERLOT

SANDSTONE

CILANTRO

CARDINAL

STANDARD CEILING FAN
This deluxe fan has three adjustable lights.

CILANTRO

SAFE KEEPING
Lock away your personal items in Cardinal's safe for extra security.

NEW SOFA STYLE
Feature fabric on seating surface with solid suede-like fabric. (Standard on Cilantro, Merlot, and Birch. N/A on Colton Blue, Olive or Sandstone.)

MERLOT

SANDSTONE

PRACTICAL DINING SOLUTIONS
We do our best to maximize living space while providing additional storage opportunities – like this handy storage compartment located below the seat cushion.

CREATIVE STORAGE COMPARTMENTS
The optional oak step provides additional storage space.

A TOUCH OF HOME
The single level kitchen faucet comes complete with a spray handle that simply slides out for simple tasks like washing and preparing food. Just another detail suggested by customers for a more enjoyable RV-ing experience.

CUSTOM PAINT PACKAGE

The optional custom paint package will make you the envy of your neighborhood.

WHERE THE RUBBER MEETS THE ROAD

(Above) If you take the time to look closely, you'll find aluminum alloy wheels on most Cardinal models. (Above Middle) Cardinal underbelly enclosures are made of corrugated galvanized panels. These panels are in 4' sections for easier access to tanks. They prevent sagging, keeping your Cardinal in mint condition.

PLUG-IN THE POWER

50 amp service allows you to use more electrical items without blowing circuit breakers.

BUILT TO STAND THE TEST OF TIME

It is both quality construction materials and innovative engineering techniques that have set the Cardinal apart from the competition. Cardinal's ultra-strong steel I-beam frame serves as the foundation for our floor, sidewall and roof systems which are the strongest, most durable in the industry. By taking the time to integrate each structural component, we are drastically improving the Cardinal's ability to take the wear and tear of road travel. This means that every Cardinal is built to stand the test of time – from the inside out!
