WHEN WE SAY *MADE TO FIT*,  
WE MEAN IT.

With so many unique models available, Thor Motor Coach motorhomes are priced to fit anyone's budget – from families buying their first motorhome to full-timers looking for a roaming "dream home". No matter how you choose to spend your time or your money, there's a TMC motorhome that fits your needs.

By building a variety of unique styles, sizes and floor plans, Thor Motor Coach offers motorhomes that feel custom-made – at a truly competitive price.

Welcome to the Tuscany XTE, the motorhome that is *Made to Fit* your ambitions.

## WHAT PEOPLE WILL BE TALKING ABOUT

A combination of striking good looks and functional necessities make the Tuscany XTE the perfect choice. Choose from four exterior paint and graphics packages to make the exterior of the motorhome a perfect fit for your style.

MIRAGE FULL-BODY PAINT

OLYMPUS FULL-BODY PAINT

PALISADE FULL-BODY PAINT

VERONA FULL-BODY PAINT

**A | FULL-BODY PAINT**

A striking exterior graphics design provides a jaw-dropping experience. The paint process includes alternating layers of paint and clear coat to provide a silky exterior finish.

**B | FRAMELESS WINDOWS**

Sleek, automotive-style frameless windows look great with an added twist of functionality. The windows are hinged to open outward for ventilation, even in rainy weather.

**C | POWER PATIO AWNING WITH INTEGRATED LED LIGHTING**

A legless, lateral arm awning is fully encased in a metal box protecting it during driving. When extended, the awning does not have legs intruding into the camp area and it has the ability to self-retract in windy situations.

**D | 3TRAX™ WALL SLIDE SYSTEM**

An in-wall slideout system on select models, housing all the moving and mechanical parts within the sidewall of the motorhome. What sets 3TRAX™ apart is the patented rail system, in-floor roller guides, and electric motor design. This triple track design supports large rooms ensuring simple, reliable, maintenance-free operation.

**E | SIDE VISION CAMERAS**

Side vision cameras, integrated into the exterior mirror housing, vastly increase the line of sight along the side of the coach, keeping you safe on the road.

**F | LED ACCENT LIGHTING**

A beautifully sculpted front cap is fully illuminated with LED accents, including the Tuscany nameplate and accompanying driving lights.

# LAY THE GROUNDWORK FOR SAFE TRAVELS

A home needs a strong foundation and that is especially true for the home that rolls down the road. The custom engineered structure and Freightliner chassis under the Tuscany XTE provide an excellent base to construct your new motorhome.

**Driven By You**

**A | FRONT DISC BRAKES**

Large 17-inch air disc brakes help stop the coach quickly, while dissipating heat to help prevent brake fade.

**B | 55° WHEEL CUT**

With 55-degrees of wheel cut, turning circles can be drastically reduced. The Tuscany XTE can turn around in even the tightest of spaces.

**C | FREIGHTLINER® & MOR/RYDE® CHASSIS**

We have partnered with Freightliner Custom Chassis and Mor/Ryde manufacturing to engineer the best foundation in the business. Freightliner's advanced chassis technology provides a safe and stable platform for maneuvering the coach down the road, while Mor/Ryde's steel structure ensures the perfect integration of chassis to the home.

**D | DIESEL EXHAUST FLUID**

Almost all truck stops offer diesel exhaust fluid (DEF) in bulk at the pump, but only on the driver's side of the island. The Tuscany XTE is thoughtfully designed to include the DEF tank on the driver's side of the coach.

**E | 10,000-LB. HITCH**

The diesel engine has plenty of torque to pull the heaviest of towed vehicles. The hitch includes a 7-pin round connector.

# BACKED BY CUMMINS ONAN® POWER

You don't have to settle for second best. That's why we chose Cummins®, the number-one choice for diesel power.

The Tuscany's Cummins Onan® ISB-XT 6.7L diesel engine is mated to a 6-Speed Allison MH-3000 automatic transmission, providing 360-horsepower and 800 lb.-ft. of torque. This combination delivers maximum performance, reliability and durability.

The 8,000-watt Cummins Onan® RV diesel generator provides all the power needed to make your motorhome self-contained. Run all the appliances, air conditioners, TVs and lights without ever plugging into an electrical outlet.

Taking the extra time to ensure the best possible structure is exactly what you deserve, and this is why Thor Motor Coach insists on vacuum-bond laminating not only the sidewalls of the motorhome, but also the floor and roof. Vacuum-bonding is the optimum manufacturing process to ensure multi-layer integrity.

# FLOOR PLANS

Maximum living and seating space is at the forefront of the Tuscany XTE. Lush, well-appointed decors enhance the handcrafted high-gloss glazed cabinetry, along with the high-end amenities, making these wide open spaces feel just like home. The Tuscany XTE offers a wide variety of floor plans made to fit your lifestyle. Optional furniture packages help customize the interior to fit your individual taste.
