

KITCHEN/DINETTE

- Corian look Solid Surface counter top with Deep molded sinks fitting a full plate, larger pots and pans.
- Residential single lever faucet with telescopic spout.
- Microwave with built in exhaust fan allowing a lower position at eye level for easy control access, and safety.
- Double water filter system to protect pump, and improve water quality.
- Smarter use of flooring area vs competitor which has significant more carpet in kitchen and dinette area.
- Free standing dinette offers an extension, flip up table and under seat storage.
- This unit may be equipped with Brand Name Quality Laminate flooring.
- Higher and deeper slideouts allow for larger windows and built in O.H.C.'s for added storage.
- 8 Cubic Foot double door fridge with Climate Control exterior feature which controls possible exterior condensation build up.
- Range and sink cover on most models for additional counter space.

LIVING AREA

- Residential Sofa Bed with high end fabrics.
- DVD with Surround Sound wired to the 400Watt Inverter.
- Adjustable Bullet style reading lights recessed under the Overhead cabinets.
- Swivel Rocker Recliners (Standard Equipment)

OTHER INTERIOR

- Dual Stage furnace with high BTU rating. Rapid heating then a continuous *Whisper Quiet* mode that maintains desired temperature. (No more waking up in the middle of the night to a noisy bumping furnace.)
- Air conditioner/furnace are on the same digital controlled thermostat.
- Air conditioner has the quick cool down diverter which controls cold air for a faster cool down in living area. Also equipped with the Hepa filter.

CHASSIS/FLOOR/WALL CONSTRUCTION

- Unique Innovative Engineered *Chassis "Z"* channel/box tubular design gives 11" combination *"Beam Strength"* (Not your typical outdated "I" Beam Construction)
- Hydraulic Disc Brakes- 30% shorter stopping distance. Improved resistance to brake fade.
- Mor/Rydes RE (Rubber Equalizer) Upgrade Suspension which isolates and absorbs road Shock providing a much smoother towing experience.
- 16" Tires, Nev-R-Lube axles and shock absorbers.
- Unique *Floor* structure is 3" high density foam laminated between real plywood top and bottom. The strongest integrated Floor/Chassis combination design available. *R16 Insulation Value*
- *Walls* are 2" Thick Lama Beam construction, the strength is in the lamination. Ultra smooth high gloss Gel-coat fiberglass sidewalls. *R9 Insulation Value*
- 1 1/2" Aluminum perimeter frame, we don't use aluminum studs because we find it weakens the lamination, and transforms heat causing interior condensation problems.

Some of the features mentioned in the above brochure will be available as Optional Equipment.

EXTERIOR

AERODYNAMIC CAB OVER FRONT CAP DESIGN

- Smooth radius profile.
- Swept back lower cap area provides increased turning radius for short bed trucks.
- Vertical pin to chassis weight transfer reduces stress on RV frame.

DUAL ELECTRIC MOTORS for LANDING GEAR

- Raise, lower, and independantly level front jacks....No blocking required
- Leveling switches are conveniently located for easy eyesight leveling
- System includes enclosed tamper proof 12Volt power shut-off switch.

TRUNK AREA

- Whisper quiet 400Watt Inverter provides enough 110Volt power to operate TV & DVD.
- Charge Wizard Now built into the Converter continually monitors the RV battery condition and adjusts recharge rate to extend the battery life.
- Enclosed heated holding tanks with remote termination and black water flush system.
- Termination valves are enclosed.

XT ADVANCED WATER HEATER

- 16 gallon performance from a 10 gallon tank.
- Mixing valve blends Super Heated Hot and fresh water to provide an equivalent to 16 gallons of hot water.
- Gas/Electric operation

SLIDEOUTS...*door side of coach*

- Sides of the slideout are tapered so the top meets the sidewall first, which ensures a complete tight seal before the bottom comes in.
- Electric rack and pinion operate with separate motors for each slide. Hydraulic systems have 1 motor and if it fails, all slides fail.
- Competitors complicated hydraulic systems have an inheredent potential leak problem.

WINDOWS

- Radius cornered Deep Tinted windows provide UV shielding, and helps provide a cooler interior.
- Provide excellent privacy.
- Fastened clamp ring windows allow for a uniform clean seal.

ABS BUMPER/SKIRTING

- Our ABS skirting is much stronger than aluminum skirting which dent, and scratch easily.
- Park friendly ABS bumper is impact, and scratch resistant, competitors have a one piece fiberglass back.

ROOF CONSTRUCTION

- One piece seamless rubber roof rolls 3" over and down the sidewall.
- We use Real plywood vs competitors structure board.
- 4 1/2" Metal Roof Truss with full 3 1/2 " batt insulation. Gives excellent R14 Insulation value
- Crowned roof design provides added strength, and easy water run off.

INTERIOR

BIG EASY STEP

- Has the widest tread available, safe, comfortable access into th RV entrance.
- We use a flush floor as you enter the RV, not a recessed step which we have found causes potential accidents exiting the RV.
- They are also dirt collectors.

BEDROOM

- Titaniums Patented Cab Over design positions the bed and large night stands over the cab of the truck, which gives you 5' shorter in Tow vs our competitors.
- Ensuite has privacy with added pocket slide door where other bedroom slides have there vanity and shower in the bedrooms.
- Unique vaulted ceiling provides 6'-4" height
- Excellent storage with deep drawers, fireplace and washer dryer ready option in selected models.
- Deep 2' under bed storage in all Titanium models.
- Big picture windows provide excellent cross ventilation.
- Comfort Pack option is the popular rain sensed Fantastic roof vent located in the bedroom.

BATHROOM

- Shoe shelving in closet, with plenty of towel and drawer storage in the bathroom.
- Higher bathroom ceiling vs competitor.
- Larger shower with sit down feature on selected models.
- Friendly vinyl flooring area in bathroom vs other competitive brands.
- Porcelain toilet not plastic.
- Skylight above shower (*Selected Models*)
- Bath exhaust fan
