

DYNAQUEST XL

TOURING CRUISER

DYNAQUEST - XL340

As powerful as it is luxurious.

A muscular 330-hp Cummins® engine with 1,000 lb. ft. of torque at 2,000 RPM and rugged Freightliner® chassis literally produces tons of towing power. You'll get better drivability, and long lasting reliability, as well. Freightliner® chassis are built for the long haul. And there's lots of storage space inside and out, including a large rear trunk that holds up to 7.5 cubic feet of cargo.

Everything you want in a motorhome. And less.

Just as couples sometimes downsize their homes when the kids move out, many people are interested in downsizing from bulky, bus-style motorhomes to something more manageable. DynaQuest XL, loaded with extraordinary styling is the perfect fit. Luxury features include a color backup camera and monitor, a 26-inch flat-screen LCD TV and a Bose® 3-2-1 AM/FM/DVD system with Surroundsound®.

CLUB MAX

Benefits to the Max

One of the really neat benefits of being a Dynamax owner is membership in the Dynamax owner's club. We call it Club Max. You'll call it a great way to enjoy your new motorhome, as you spend fun time with other owners. It's also a great way to travel and socialize, especially at the Dynamax Rally, held every year. In addition to rallies and special events, there are many other benefits, including *To The Max*, the official news magazine of Club Max; a roadside assistance program; FMCA Membership; KOA value card; a lost key program; and much more. And, of course, the biggest benefit is the network of friends you will soon develop. The camaraderie and spirit of the Dynamax community is a special part of the experience. To learn more, just go to www.myclubmax.com or enter through the Dynamax web site: www.dynamaxcorp.com.
