AM/FM CD/DVD MP3
5.1 channel surround
sound system with 6
interior and 2 exterior
speakers matched
up to a pounding
10" subwoofer for
a powerful audio
experience.

MAX ENDURANCE

EnduraMax *Offers* The Most Value in Luxury Toy Haulers

The best part of traveling in a wide open is enjoying the outdoors with friends and family. We deliver all the great features you're looking for, all the expansive storage you need, and the quality in construction and components you deserve. The wide open lives up to its name by giving you a large lift gate with pinch free spring hinges as well as two entry doors one entering the cargo area and another into the living quarters.

Hinge integrated springs on ramp door

Anti-theft bar with lock on rear ramp door

Who says you cant take it with you?

This garage is one of the largest in the industry giving you 10', 12' or 14' in length. The dovetail design and the longest ramp door in the industry lets you ride in at less of an angle making loading and unloading safer. The tough seamless fiberglass wall skin easily resists wear and tear caused by typical day to day use.

Pass-through storage and exterior sound system

Centralized shore hookups with exterior shower

Huge overhead cabinets give you space for all your gear and tools

Motorized double bunk beds.

Exterior light package features led taillights and halogen floodlights

Floor drain and ducted heat in garage

Garage vents provide ventilation

Forget about gas cans that spill and only hold a few gallons. 60 gallon onboard fuel station with static line provides safe and easy fueling for all your toys.

MAX ENDURAX

Laminated sidewalls, roof and floor
 Our laminated components are among the highest quality in the RV industry. The delicate balance of strength and lightweight structure is solved with our double thick welded aluminum tubing. EPS insulation is added and vacuum bonded between superslick fiberglass and lauan with high strength glue

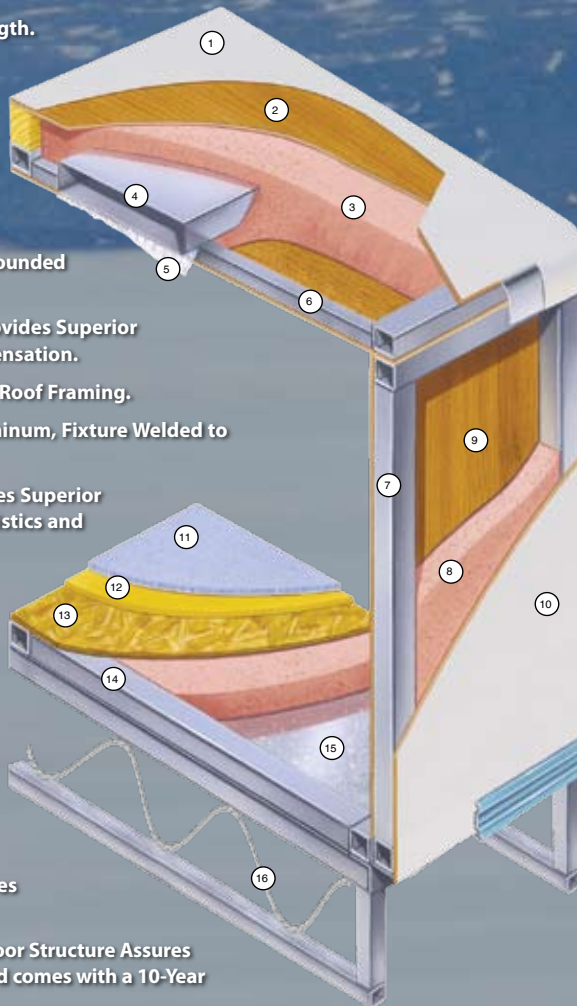

Top notch hardwood cabinets
 Our four step stain, sand, bake and seal process give our cabinets a luster that will last for years. EnduraMax selects only the finest hardwood to construct our doors stiles trims and doors. Take the time to compare our quality to the nearest competitor and you will see the difference.

Command Center
 Run out the slides and awning, check fuel and holding tank levels, control the generator and lighting all from one convenient panel.

Proven Construction

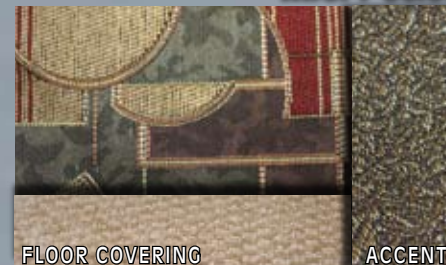

1. Seamless TPO Roof For Greater Energy Efficiency and Dependability.
2. Lauan Decking for Additional Strength.
3. Molded, High Density EPS (Expanded Polystyrene) Roof Brick Insulation - Provides Consistent Insulation Value as well as Superior Dimensional Rigidity.
4. One-Piece Formed Aluminum Air Conditioning Duct, Completely Surrounded By EPS Insulation.
5. Bubble-Wrapped Foil Insulation Provides Superior Insulation and Helps Prevent Condensation.
6. Rugged Welded Tubular Aluminum Roof Framing.
7. Rugged Heavy-Gauge Tubular Aluminum, Fixture Welded to Form the Sidewall Framing.
8. High-Density EPS Insulation Provides Superior Lamination and Bonding Characteristics and Ensures Greater Energy Efficiency.
9. Interior Wall Panels Securely Laminated to Sidewall Framing.
10. "Super Slick" Fiberglass Exterior Vacuum-bond Laminated to Sidewall Framing for Lasting Beauty and Durability.
11. High-Quality Stain-Resistant Carpeting Available in Designer Coordinated Colors.
12. Extra-Thick Padding Under Carpet Provides Extra Comfort and Increases Carpet Durability.
13. Floor Decking Laminated to Steel Floor Structure Assures a Quiet, Long-Lasting Rigid Floor and comes with a 10-Year Warranty.
14. Heavy-Gauge Tubular Steel Framing, Fixture Welded for Extra Strength and Stability.
15. Seamless Layer of Galvanized Steel Securely Laminated to the Steel Floor Framing.
16. Steel trusses with webbed bracing is lightweight yet strong and durable
