Terry Dakota puts quality, functionality and affordability together to get you on the road. Lightweight construction allows this product to be towed behind most of today's SUV's. Dakota is built with attention to detail and provides ample storage and accommodations. This RV is all about value.

Each floor plan is designed for function with features like a jack knife sofa with a kick panel that drops down for storage access, flush floor slide-outs (select models) and plenty of overhead storage cabinets.

Dakota makes you feel at home with it's stainless steel double basin sink with cutting board, 3-burner range with oven, residential height countertops and overhead cabinetry deep enough to store full-size plates.

Terry is your ticket to fun travels. We've created the perfect environment with an improved floor plan design and renewed emphasis on functional galleys, bathrooms, bedrooms, living areas and exteriors.

Improved bathroom design provides a deluxe medicine cabinet with adjustable shelves and a toothbrush holder. Other features include a recessed toilet paper holder and towel bars.

We've added new features to the Terry to make your travels more pleasant, like a wider dinette booth (increased from 40" to 45" on most models), oversized light switches, decorative wall mirrors, built-in magazine rack and dedicated entertainment center.

Here's a kitchen you can really get into. Now featuring a new 60/40 sink, knife rack, new deluxe hardware throughout, recessed spice rack, 6 cu. ft. refrigerator, microwave, and range with oven. We've maximized storage by giving you adjustable shelves and a half shelf in the overhead cabinets for additional storage. Plus there's now 4 galley drawers and a pot and pan drawer.

Check out this space! A pass-thru storage area for access to those items you need to get to on the go (available on select travel trailer models).
