Take flight.

MALLARD and MALLARD ASV-Travel Trailers and Toy Haulers-2006

## Mallard

*Mallard 240BH shown in Meadow interior decor with Windsor Birch wood finish.*

**OVERHEAD STORAGE** (top left) is conveniently designed to accommodate full-size plates and dishes.

**A BUILT IN MICROWAVE** (middle left) (optional) is perfect for cooking and whipping up a quick meal just like home.

While competitors often build their own furniture, Fleetwood focuses on building a superior RV and complementing it with only the finest name brands like comfortable Flexsteel® furniture with a lifetime warranty on the frame (not available on ASV models). Other high end name brands include Dometic®, Magic Chef® and Hydroflame.

**THE FUNCTIONAL PANTRY** (lower left) features adjustable shelves, making it easy to store any kind of cookware or non-perishable items.

**THE LARGE TV SHELF** (top right) (available on most models) is perfectly positioned for easy viewing after a long day (TV not included).

**THE BUILT-IN AM/FM RADIO WITH CD PLAYER** (middle right) (optional) is an ideal companion to have on those long journeys.

**A SPACIOUS DOMETIC® 6 CU. FT. REFRIGERATOR** (lower right) is perfect for storing food and drink.

## Mallard Has More.

Getting away is always fun and easy. Mallard offers more functional standard features than the leading competitor like a pots and pans drawer with durable full extension metal drawer guides, giving you access to the entire drawer. You'll love more interior space than the leading competitor with features like a 45" wide dinette booth

(n/a on ASV models) and deeper slide-outs, making for an overall more open floor plan so you can travel comfortably. Deep closets in the sleeping quarters can accommodate full-size hangers, while deep overhead galley cabinets are a perfect fit for full-size plates. Mallard is sure to exceed your expectations.

**THE EXTERIOR SHOWER** (optional) is the perfect feature for conveniently rinsing off after a day of fun activities.

**THE FUELING STATION** (optional on ASV models) allows you to refuel your toys and even top off your tow vehicle's fuel tank with this onboard system (available with 18 and/or 30 gallon tanks).

**A LOW PRESSURE PROPANE CONNECTOR** allows you to hook up a BBQ for great cooking while camping.

**GARAGE STORAGE** (optional) allows you to conveniently load/unload lots of your favorite recreational gear. Camping gear, fishing poles, we've got you covered.

### THE LARGE 7'-2" RAMP DOOR (ASV MODELS)

can hold up to 2,500 lbs and features a non-skid surface for easy and safe loading and unloading of your favorite toys.

At Fleetwood, we have used our 55+ years of experience to design this travel trailer with a few things in mind. Quality. Convenience. Style. Thanks to a rigorous series of engineering tests (including leak testing, cycle testing and track testing), Mallard is proven to be a dependable ally in your adventures. And if all that wasn't enough, we went ahead and made it look great too. We dressed it up with the awesome interior decor motifs and sleek exterior stylings, giving Mallard an appealing design that looks great while you're on the road or camping. Mallard makes traveling easy and stands tall next to all the rest.

## Toy Hauler Floor Plans

\* Illustration representative of the Mallard construction.

### Setting the Standard in Travel Trailer Quality

Fleetwood® prototypes are exposed to thousands of miles of durability testing. Those components that don't survive are redesigned until they do. This sets the standard in safety and durability.

- ① **Reinforced Cambered Steel Chassis** – Provides optimal strength, durability and performance.
- ② **Arctic White Seamless, One-Piece Rubber Roof** – Provides the ideal weather seal.
- ③ **.024 Aluminum Siding** – Complete with a baked-on enamel paint, this aluminum siding offers rigidity while still being affordable.
- ④ **In-Ceiling Air Conditioning Duct** – Unlike our competitors that use in-floor ducting we use in-ceiling ducting which better distributes cool air throughout the RV (N/A on ASV models).
- ⑤ **Heavy Duty Ramp Door** – Rated at 2,500 lbs. Includes non-skid ramp door surface and cam lock door hardware (ASV floor plans only).

\* Activity Support Vehicle

Drawings are for illustrative purposes only to highlight aspects of construction. Actual RV design depends on model and is subject to change.

**180FK Sleeps 4**

**220FB Sleeps 4**

**230FS Sleeps 6**

**260FS Sleeps 6**

**310FS Sleeps 6**

#### To Our Customers...

To make sure that you get the maximum satisfaction out of your recreational vehicle purchase, there are several things you should know:

1. Learn all you can about the travel trailer or fifth wheel you're planning to buy. Don't rely on word of mouth. Get the facts about the actual trailer length, width, unloaded weight with options, Gross Vehicle Weight Rating, and cargo carrying capacity. These are usually available in the manufacturer's sales literature or from the Cargo Carrying Capacity Label located in each trailer. Be sure to check this information **before** you decide which unit to buy.
2. Verify the towing capacity of your tow vehicle. If you don't know, or aren't sure, you can ask at your automotive dealership. Be sure to match its tow rating to the loaded (not dry) weight of your trailer. Include the weight of water, additional accessories, clothing, food, and gear. To help Fleetwood travel trailer customers estimate this total weight, our Gross Vehicle Weight Ratings reflect the maximum weight of the trailer when fully loaded for camping. Be sure the weight of the tow vehicle plus the weight of your trailer do not exceed the Gross Combined Weight Rating of the tow vehicle.

Taking these simple steps before you buy will help ensure that your trailer and tow vehicle combination is just what you wanted.

Happy Camping!

Some models are not available in all areas of the country. Please see your local dealer for model availability. Sleeping capacity based on standard layout. Optional furniture may increase or decrease sleeping capacity.

- GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this trailer when fully loaded. It includes all weight at the trailer axle(s) and tongue or pin.
- All dry weights are based on the standard model and do not include optional features or equipment.
- Cargo Carrying Capacity is determined by subtracting Gross Dry Weight from GVWR. Cargo Carrying Capacity includes all fluids, optional features, equipment, and personal cargo.
- Length taken from hitch or pin box to rear bumper (excludes accessories). Trailer length includes 3' 6" for hitch; fifth wheel includes standard pin box.
- Add 9" if equipped with optional roof air conditioner.
- Approximate.
- Water weight equals 8.3 lbs. per gallon. Propane weight equals 4.2 lbs per gallon.
- Add 10" if equipped with optional spare tire and carrier.
- Hitch weights are dependent upon how the trailer is equipped with options, on-board cargo and tank fluid levels. Actual hitch weights may be higher or lower than shown. It is recommended that the tow vehicle and hitch for your trailer have sufficient capacity to accommodate actual usage.

Mallard ASV Travel Trailers feature a body-width over 96" which will restrict your access to certain roads. Before purchasing, you should research any state and/or province road laws which may affect your usage.

\* = Estimated weights.

N/A = Not available at time of printing.

**IMPORTANT—PLEASE READ:** Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at [www.fleetwoodrv.com](http://www.fleetwoodrv.com) or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

## What Drives You?

Maybe it's feeling like you're the only one on Earth. Perhaps it's the unique sense of closeness with the great outdoors. Or, it might be the joy that comes from spending quality time with family and friends. Whatever the reason, we know that you have a strong drive to experience everything that comes with spending time on the road. And for more than 50 years, we've shared that passion with you. Because we're RV enthusiasts ourselves, you can see our passion in the vehicles we design and build. Own a Fleetwood, and you'll feel like you're not just traveling, but embarking on an experience unlike any other. Set your own course for adventure and get out there and explore the world around you. Once you do, you'll see what it is that drives us — it's you.

### RV OWNERCARE\*

**The Fleetwood One-Year Hitch to Bumper Warranty Coverage\***  
This comprehensive program includes systems, appliances, components and construction – with no additional costs to you.

### One-Year Full Warranty\*

Leaving the Fleetwood dealership after you've purchased your RV doesn't mean leaving Fleetwood's commitment to your satisfaction behind. This complete warranty is unique because it's just that – complete.

### Fully Transferable\*

Because we don't hesitate to stand behind our products, the complete **warranty is fully transferable** during the 12 months of warranty coverage, which is a plus for resale value.

### National Coverage

Traveling to Spokane? Buffalo? We've got you covered with one of the nation's largest trained service networks. In fact, **1,100 Fleetwood dealers** are just a phone call away.

**Require these features when you purchase your new RV... Fleetwood does.**
