

Quantum

QUANTUM

Roam Sweet Home.

Fifth Wheels

Functional Comfort | Abundant Storage | Smart Details | Aluminum Frame | Residential Upgrades

PULL-OUT PANTRY BASKETS keep your snacks organized and easy to see. So when the munchies strike, you'll be ready.

PULL-OUT GALLEY BASKETS help you pack faster so you can head out sooner. Just fill them up in the house, and slide them back into place.

THE VACUUM picks up dirt and dust bunnies fast. Best yet, you don't have to push a heavy motorized vacuum around.

THE DINETTE CHAIRS are not only comfortable, they're secret storage units! The seat lifts up for handy additional storage space.

THE FREE-STANDING DINETTE looks like your dining table at home, and with the pull-out extension you can seat five for dinner. It's fancy enough for your Thanksgiving feast.

The road is calling.

Make time to get away, whether it's for a long weekend or for the winter. When you escape in the Quantum, you'll feel at home wherever you are.

ALL NEW SOLID SURFACE COUNTERTOP with an integrated double-bowl sink for easy clean-up. It also becomes additional counter space when you need it - simply put on the sink lid covers.

Quantum 345BHTS shown in Beech interior décor with Anderson Walnut wood finish.

THE LIVING ROOM features residential upgrades that turn an RV into a home. Upscale features such as a cushy sofa and decorator lighting are standard. A glowing fireplace, washer/dryer, flat screen TV, and larger refrigerator are available too.

THE GALLEY is loaded with smart details, because it's been designed by seasoned RVers. For example, the overhead cabinets are deep enough for full-size cookware. The galley is also equipped with notable name brands such as Dometic® and Magic Chef®.

SEPARATE SLEEPING QUARTERS (select models) are perfect for big families or overnight guests. The sofa bed folds out to create a full-size bed, and three bunks provide even more snoozing room.

THE ENTERTAINMENT CENTER AND WARDROBE holds not only your shirts, pants and socks, but a good size TV as well. (TV not included.)

THE SHIRTWARD WITH AVAILABLE WASHER/DRYER helps keep wrinkles at bay – on your clothes, anyway. Just take your shirts out of the dryer and hang them on the rack overhead.

THE SAFE BOX keeps your most valuable items secure. The strong, locked box is hidden in the under-bed storage area.

THE MASTER BATHROOM is spacious enough to hold a marble-finish shower and sink, porcelain toilet, medicine cabinet, and you – with room to spare. The solid door between the bed and bathroom provides privacy.

Footloose and fancy free.

The Quantum gives you the freedom to go where you want, and the luxury to enjoy it once you arrive. It boasts a spacious galley, large bathroom and big refrigerator for functional comfort and long-term stays.

THE MASTER BEDROOM is luxurious and private. Just imagine reading your favorite book on the queen-size innerspring mattress, a cup of hot cocoa on the nightstand.

THE DRESSER keeps your whites tidy and hidden away. And with room for your 19" TV, you can organize your sock drawer while you watch your favorite show.

Our claim to fame: The Aluminum Frame.

To create a lightweight but strong skeleton, we use a welded aluminum frame on all four walls and the floor. Coupled with our lamination process, it provides superior sidewalls that are strong, corrosion resistant and lightweight.

1. **HIGH GLOSS FIBERGLASS SIDING** - This durable and glossy surface is easy to clean, and adds beauty and structural integrity.
2. **FIBERGLASS FRONT CAP** - Improved aerodynamics and styling.
3. **2" x 2" ALUMINUM SIDEWALL STUDS** - Keeps weight down while providing structural integrity to the sidewall.
4. **SOLID BLOCK EPS (Expanded Polystyrene) INSULATION** - Provides strength and durability while helping to ensure interior comfort in every season.
5. **WOOD SUBSTRATE** - Adds structural reinforcement to the exterior fiberglass siding.
6. **INTERIOR WALL PANEL** - Features a durable, easy to clean, decorative finish.
7. **2" x 3" ALUMINUM FLOOR JOISTS** - Provides a lightweight floor construction without compromising strength while allowing for the placement of in-floor furnace ducting.
8. **ENGINEERED 5/8" OSB FLOORING** - Provides the dependable decking needed to ensure an adequate foundation. Further stability is added by interlocking these sheets using tongue and groove construction.
9. **ARMSTRONG® FLOORING** - Durable, easy to clean from the best name in residential flooring.
10. **FULLY ENCLOSED CHASSIS** - Provides a barrier from ground debris and allows for the holding tanks to be heated.
11. **R7 FIBERGLASS INSULATION** - As in your home, helps to ensure interior comfort in every season.
12. **ENGINEERED RADIUS STEEL CEILING TRUSS** - Ensures strength, water runoff and reduced weight from wood structures.
13. **ENGINEERED OSB ROOF SUBSTRATE** - Is designed to maximize strength, is sealed to ensure moisture resistance and provides a solid backbone for the synthetic rubber roof construction.
14. **ONE-PIECE SEAMLESS SYNTHETIC RUBBER ROOF MEMBRANE** - Provides the ideal weather seal and is warranted for 12 years.
15. **REINFORCED CAMBERED STEEL CHASSIS** - Provides optimal strength, durability, and towing performance.
16. **DUCTED IN-CEILING AIR CONDITIONING** - Efficiently distributes cool air.

Drawing is for illustrative purposes only to highlight aspects of Quantum construction. Actual RV design depends on model and is subject to change.

Clear Oak

Anderson Walnut

THE FRONT CAP gives the Quantum a smart profile, made from molded fiberglass.

THE REAR CAP is made of molded fiberglass for an attractive rear view.

PASS-THROUGH STORAGE is the place to keep bulky items like camp chairs and tables. And you can get them out from either side.

A FULLY ENCLOSED CHASSIS is available. No need to migrate to warmer climates. The enclosed chassis allows heating the holding tanks to help prevent freezing in colder weather.

Personal space included, standard.

The Quantum comes in lengths from 30-39 feet, so you're sure to find the floor plan that gives everybody enough space.

- Black Tank Flush
- Stabilizer Jacks
- Shock Absorbers

1. GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this trailer when fully loaded. It includes all weight at the trailer axle(s) and tongue or pin.
2. All dry weights are based on the standard model and do not include optional features or equipment.
3. Cargo Carrying Capacity is determined by subtracting Gross Dry Weight from GVWR. Cargo Carrying Capacity includes all fluids, optional features, equipment, and personal cargo.
4. Length taken from hitch or pin box to rear bumper (excludes accessories). Trailer length includes hitch; fifth wheel includes standard pin box.
5. Actual height may be lower, based on option offerings. Consult with your dealer to obtain actual height for the unit you are interested in.
6. Approximate.
7. Water weight equals 8.3 lbs. per gallon. Propane weight equals 4.2 lbs per gallon.
8. Hitch weights are dependent upon how the trailer is equipped with options, on-board cargo and tank fluid levels. Actual hitch weights may be higher or lower than shown. It is recommended that the tow vehicle and hitch for your trailer have sufficient capacity to accommodate actual usage.

N/A = Not available at the time of printing.

* = Estimated weights.

IMPORTANT—PLEASE READ

Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e.: equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

TO OUR CUSTOMERS...

To make sure that you get the maximum satisfaction out of your recreational vehicle purchase, there are several things you should know:

1. Learn all you can about the travel trailer or fifth wheel you're planning to buy. Don't rely on word of mouth. Get the facts about the actual trailer length, width, unloaded weight with options, Gross Vehicle Weight Rating, and Cargo Carrying Capacity. These are usually available in the manufacturer's sales literature or from the Cargo Carrying Capacity Label located in each trailer. Be sure to check this information **before** you decide which unit to buy.
2. Verify the towing capacity of your tow vehicle. If you don't know, or aren't sure, you can ask at your automotive dealership. Be sure to match its tow rating to the loaded (not dry) weight of your trailer. Include the weight of water, additional accessories, clothing, food, and gear. To help Fleetwood travel trailer customers estimate this total weight, our Gross Vehicle Weight Ratings reflect the maximum weight of the trailer when fully loaded for camping. Be sure the weight of the tow vehicle plus the weight of your trailer do not exceed the Gross Combined Weight Rating of the tow vehicle.

Taking these simple steps before you buy will help ensure that your trailer and tow vehicle combination is just what you wanted.

See you on the trail!
