- GVWR (Gross Vehicle Weight Rating) is the maximum permissible weight of this trailer when fully loaded. It includes all weight at the trailer axle(s) and tongue or pin.
- All dry weights are based on the standard model and do not include optional features or equipment.
- Cargo Carrying Capacity is determined by subtracting Gross Dry Weight from GVWR. Cargo includes all fluids, optional features, equipment, and personal cargo.
- Length is measured from hitch or pin box to rear bumper (excludes accessories). Trailer length includes hitch; fifth wheel includes standard pin box.
- Actual height may be lower, based on option offerings. Consult with your dealer to obtain actual height for the unit you are interested in.
- Approximate.
- Water weight equals 8.3 lbs per gallon. Propane weight equals 4.2 lbs per gallon.
- Add 10" if equipped with optional spare tire and carrier.
- Hitch weights are dependant upon how the trailer is equipped with options, on-board cargo, and tank fluid levels. Actual hitch weights may be higher or lower than shown. It is recommended that the tow vehicle and hitch for your trailer have sufficient capacity to accommodate the Gross Vehicle Weight Rating of the selected trailer.

N/A = Not available at the time of printing.
 IMPORTANT—PLEASE READ: Product information, photography and illustrations included in this publication were as accurate as possible at the time of printing. For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e., equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

BACKPACK CONSTRUCTION

- ENGINEERED LAMINATED CEILING CONSTRUCTION – Ensures strength and reduced weight.
- ARCTIC WHITE SEAMLESS, ONE-PIECE RUBBER ROOF – Provides the ideal weather seal.
- INTERIOR WALL PANEL – Features a durable, easy-to-clean, decorative vinyl.
- STEEL CHASSIS – Provides optimal strength, durability and performance.
- WOOD DECKING – Provides solid backbone for the roof construction.
- ALUMINUM TUBING – Lightweight, structural studs blend proven framing methods with technologically superior materials.
- HIGH-DENSITY BLOCK FOAM INSULATION – Is custom fit to ensure maximum structural integrity and insulation value.
- SMOOTH GLOSS FIBERGLASS EXTERIOR SIDING – Adds more structural integrity than aluminum siding, provides a glossy surface that is easy-to-clean and adds long lasting beauty.
- LAMINATED PLYWOOD FLOOR – Provides the interior structural strength to the laminated floor construction.
- WOOD SUBSTRATE – Adds structural reinforcement to the exterior fiberglass panel.
- WOOD FLOOR SUBSTRATE – Provides the foundation for the underbelly.
- UNDERBELLY – Is a lightweight seamless, durable, weather barrier.

Drawing is for illustrative purposes only to highlight aspects of Backpack construction. Actual RV design depends on the model and is subject to change.

Fresh air. Sweeping vistas. Pristine beauty. There's nothing like being outdoors—except maybe kicking back inside your Backpack after a full day of hiking, fishing, kayaking or whatever sets your spirit free. That's because we've filled your Backpack with all your favorite features, and the room to enjoy them. Yet it's amazingly light. Go ahead, try the Backpack on for size. We think you'll find it's a perfect fit for your lifestyle.

With features like these, you'll want to pack it in every weekend.

The **Galley** is definitely not starved for special features. Not with options like stainless steel appliances, 16" oven and deluxe refrigerator to go with standard amenities like an acrylic sink, 3-burner cook top, microwave and easy-to-clean storage bins. Super Slide models feature wood drawers with fully extending drawer guides.

The **Under-Sink Storage** offers handy pull-out baskets that make packing a breeze. Remove the bins, fill them up with goodies, and slide them back. The ample room to stash all your cleaning supplies in your cleaning supplies in case your teenager wants to earn some allowance money. Or not. Super Slide models feature wood drawers with fully extending drawer guides.

The **Dinette** provides a comfortable place to enjoy sandwiches or family game night.

The **Living Room** features seating that is cushy and stylish, a table big enough for family meals, and residential-quality finishing touches.

Backpack 721FBS shown in Cyberspace Cafe interior with Plantation Cherry wood finish.

The **Master Bedroom** is the perfect place to nest down and recharge for another day in paradise. Of course, when you've got a bed this comfy, what's the hurry? The wilderness isn't going anywhere.

The **Bathroom** has the comforts of home. After all, this is one place you don't want to rough it.

The **19" LCD TV with DVD Player** (optional) is for when you want a different kind of breathtaking view. This feature comes standard on Super Slide models.

BACKPACK

The key to great camping is a light, comfy Backpack.

- All New
- True Ultralight
- Rich Looking Interiors
- 7' Wide & 8' Wide Models
- Laminated Aluminum Construction

2009 BACKPACK

For further product information and changes, please visit our website at www.fleetwoodrv.com or contact your local Fleetwood dealer. Prices, materials, design and specifications are subject to change without notice. All weights, fuel, liquid capacities and dimensions are approximate. Fleetwood has designed its recreational vehicles to provide a variety of uses for customers. Each vehicle features optimal seating, sleeping, storage and fluid capacities. The user is responsible for selecting the proper combination of loads (i.e.: equipment, fluids, cargo, etc.) to ensure that the vehicle's capacities are not exceeded.

Your Local Fleetwood Dealer is:

To Our Customers...
To make sure that you get the maximum satisfaction out of your recreational vehicle purchase, there are several things you should know:

1. Learn all you can about the travel trailer or fifth wheel you're planning to buy. Don't rely on word of mouth. Get the facts about the actual trailer length, width, unloaded weight with options, Gross Vehicle Weight Rating, and Cargo Carrying Capacity. These are usually available in the manufacturer's sales literature or from the Cargo Carrying Capacity Label located in each trailer. Be sure to check this information before you decide which unit to buy.
2. Verify the towing capacity of your tow vehicle. If you don't know, or aren't sure, you can ask at your automotive dealership or contact your tow vehicle manufacturer. Be sure to match your tow vehicle's tow rating to the Gross Vehicle Weight Rating (not dry weight) of the trailer you are considering. To help Fleetwood travel trailer customers estimate this total weight, our Gross Vehicle Weight Ratings reflect the maximum weight of the trailer when fully loaded for camping. Be sure the weight of the tow vehicle plus the Gross Vehicle Weight of your trailer does not exceed the Gross Combined Weight Rating (GCWR) of the tow vehicle.

Taking these simple steps before you buy will help ensure that your trailer and tow vehicle combination is just what you wanted. See you on the trail!
