Fuzion 2011 Touring Edition III Package

Numbered Touring Edition III's with Limited Edition Graphics

You will be 1 of the Elite Fuzion owner's as they will be 1 of 450 units ever produced, available on all Fifth Wheel floor plans.

50 Numbered Touring Edition III's with Limited Edition Paint

The "Elite of the Elite" You will surely stand tall owning 1 of 50 units

Dual 15,000 BTU AC with Double the Duct Work

Not only are we doubling up our AC but also our duct work. You now have twice as many ducts throughout with both ACs being ducted and offering the quick cool feature in the Garage and the Bedroom.

9 Cubic Foot Stainless Steel Refrigerator

To help enhance the modern look of our Fuzion we have now added stainless steel refrigerators and increased the size on models that don't offer 12 Cubic Foot Refers.

Kicker Speaker's and Fully Functional Exterior Remote

To enhance our already proven sound system we have upgraded our 7 normal speakers and added 2 additional speakers to the garage. Along with this you will also have a Fully Functional Remote control to operate your stereo while enjoying your patio system.

Selector Valves for Slide Rooms

Control your slide-Outs individually! We have conveniently located your selector valves in an easy access lockable compartment on the door side, instead of hidden under the gooseneck like the competition.

Under Chassis Lockable Storage System

Removable Storage Bin at off Door Side under 50 amp hook up, conveniently located to store your 50 amp Power Cord and freeing up additional space in your pass through Storage Compartment.

Exterior LED Lights

Stand out in the night while travelling down the highway. Your Fuzion is now equipped with LED's. Fuzion LEDs use less power and shine brighter!

8' Horizon Box Awning over Patio

Now that you have an amazingly easy patio system we decided to TOP it off with a manual crank out box awning covering the entire patio.

Remote Controlled Screen Wall

To complete your "PERFECT PATIO" we added a remote controlled screen wall to close off the garage from the elements.

Solid Cherry Wood Stiles

Taking construction and quality to the next level in a TE III, you will find all Solid Cherry Wood Stiles throughout, just like you will find in your own home!

Raised Panel Cherry Cabinet Doors

Adding to our Modern Look and the durability of our Cabinets. Raised panel cabinet doors will surely catch your eye!

Hydraulic Front Landing Gear

Increasing speed and strength by adding Hydraulic Front Landing Gear.

Keyless Entry System

Tired of carrying your keys with you? Leave them behind, no worries! You can easily enter your Fuzion with a simple push pad keyless entrance system.

Memory Foam Mattress

No need to be concerned with swapping out your typical RV mattress as Fuzion now has a Memory Foam Mattress to enhance your sleeping experience.

Portable Wet/Dry Shop Vacuum

To top off any Central Vacuum on the market, we opted to give you the best cleaning option available with our Portable Wet/Dry Shop Vac.

Large Folding Grab Handles

If it's needed at the front door, why wouldn't it be at the Garage Door?

Exclusive Ramp Door Patio System

A permanently attached rail system allows for an amazingly easy setup requiring virtually NO effort.

42,000 BTUs of Heat

Taking your heating needs to another level. In addition to our 35,000 BTU Furnace, we have added a 7200 BTU Heat Strip to your AC in the garage. Not only do you have ducted Heat in the garage but now an additional source of heat as well.

Garage Multi-Source Audio Switching System

Enjoy fully independent sound system for your garage and TV. Listen to your MP3 player, watch TV and listen through your garage speakers, or listen to your stereo all independent from your living room!

Digital Component Remote

Making setup even easier, we've upgraded the remote to an LED screen, simplifying functions. Operate your Slide rooms, Front Hydraulic Jacks, Rear Electric Jacks, 20' Awning and Security Lights with a touch of a button.

Sewer Hose Management System

No need to hook up or remove your sewer hose again! Store your sewer hose in a swing out boom that is attached directly to your termination and chassis. It doesn't get any easier than this!

2 Commercial Grade Fans in Garage

To help with airflow or simply eliminate fumes after loading your toys!

Retractable Power Strip on Spool in Garage

Need 110V power in a specific spot? No Worries as Fuzion comes with a permanently installed 25' extension cord in the Garage.
