HOLIDAY RAMBLER®

This is Living®

SLIDE-OUT:

When you purchase a Holiday Rambler, you can be sure the slide-out boxes are some of the strongest and most reliable you'll find anywhere. In addition, the actuator has a mechanical room lock that is built in, and there are adjustable built-in stops for in and out positions.

- A** Bearing packs are bolted in 4 places, locking the gear and rack in place.
- B** A manual crank and extension rod comes standard with every unit, to serve as override if needed.
- C** Actuator motor is positioned to provide smoother movement and reduce twisting on the slide-out room.
