ALUMASCAPE®
FIFTH WHEEL

06

## IN 53 YEARS, WE'VE LEARNED A THING OR TWO.

When it comes to value-packed fifth wheels, you won't find a better choice than the 2006 Alumascape. That's because in 53 years, we've learned more about the things that matter most to you. Our exclusive Alumaframe® construction gives you unbeatable strength and reliability. Our exciting double, triple and quad slide floorplans give you a better selection. Our flat-floor slide-outs and residential-style passage doors give you greater convenience and livability. And our legendary quality, styling, craftsmanship and owner support — they all come standard. This is no first-generation RV. This is decades of valuable experience. And it's all waiting for you. The 2006 Alumascape.

## OUR RECIPE FOR A BETTER EXPERIENCE.

At Holiday Rambler, we stand behind one simple belief: The more we put into our products, the more you'll get out of them. That's why you'll find more distinctive details in the Alumascape than in any fifth wheel in its class. From the beauty of the woodwork, to the plush durability of the furnishings, to the gracious styling of the decors, you'll discover that superior ingredients add up to a superior RV and that's a better way to see the country.

- A) The spacious bedroom is highlighted by a queen bed with a headboard in a slide-out with windows on both sides. A chest of drawers and a large wardrobe closet provide plenty of storage space.
- B) The residential-style details extend to the bathroom, where you'll find a one-piece fiberglass shower with a glass enclosure, a large medicine cabinet and a vanity with roomy under-sink storage. If you prefer a bathtub, one is available as an option.

#### KEEPING PACE WITH YOUR CONTEMPORARY LIFESTYLE.

The Alumascape has everything you need for a home-away-fromhome, an office-away-from-the-office, or simply playtime away from everything. The kitchen is efficiently organized with plenty of elbow room for preparing meals and more storage space for keeping things tidy. You'll enjoy top-notch appliances, including a microwave and a high-output three-burner range with an oven. And a systems monitor panel is conveniently located on the range hood.

- A) Select floorplans feature this slide-out with an entertainment center and a computer workstation with a keyboard drawer. Depending on your floorplan, you'll have the option of a 27" or 20" TV, and an exciting home theater system with surround sound is also optional.
- B) While a booth dinette comes standard, you may choose this optional freestanding table with a hidden leaf and four stylish chairs.

## WHERE ALL THE DETAILS COME TOGETHER.

Holiday Rambler has long set the standard with warm, inviting interiors that feature a perfect harmony of fabrics, accents and carpeting. We've also led the way with stunning woodwork and superb craftsmanship, including raised panel cabinet doors with "space ball" technology and decorative slide-out fascia. Select the combination that suits you best to customize your Alumascape and make it distinctively your own.

- A. BEDSPREAD
- B. SOFA
- C. CARPET
- D. ACCENT

NEW VINTAGE OAK

## ALUMASCAPE HARDWARE

Our elegant cabinet hardware design features a brushed nickel finish.

Manufactured in, not added on. For added protection against stains, soil repellant is applied to virtually all upholstery fabric during the finishing process for superior coverage.\*

Weights may vary by options.

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Holiday Rambler provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Holiday Rambler dealer for unit availability and further information.

The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Holiday Rambler models. Holiday Rambler, the HR logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders.

While the color of the towable's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.

Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.

<sup>\*\*</sup> Variances in the fabrication and installation of the tanks may cause the actual "usable capacity" to be greater or less than the capacities designated above.

<sup>\*\*\*</sup> Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

#### **ALUMAFRAME® CONSTRUCTION SINCE 1966:**

The Alumascape features Holiday Rambler's exclusive Alumaframe® Superstructure. Our revolutionary system of aluminum H and C-Channel crossmembers runs the entire length of the unit, with double-welded intersections for added strength. This rigid design is both lighter and sturdier than wood or tubular aluminum frames — and much more reliable than butt-welded or screwed joint designs. From dirt roads to potholes, you can count on Alumaframe® to handle the relentless stresses of the road and provide superior structural integrity for many years to come.

Alumaframe®

Wood Aluminum (Butt-Welded)

Alumaframe® (C-Channel)

It's 101° outside. Don't lose your cool inside.

How do you keep cool inside your RV when it's hot outside? Holiday Rambler has the answer, with our exclusive, multilayer insulation concept. Just ask Charlie. It's his job to see how we stack up with the competition. He tested Holiday Rambler's nine-layer roof and six-layer wall construction against other RVs in a thermal chamber. The result: the temperature in the competing test unit rose approximately 30 percent more per hour on average than in the Holiday Rambler test unit.\*

\* Test performed by an independent testing facility, February, 1999.
 Based on measurements taken every 15 minutes.

(29RKT, 30RKD, 31SKD, 31SKT, 32SKD, 34RLT, 35SKT)

7,000 lb. tandem axles with electric brakes (35REQ, 35FLQ, 35RLQ)

#### SLIDE-OUT:

When you purchase a Holiday Rambler, you can be sure the slide-out boxes are some of the strongest and most reliable you'll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting. In addition, the linear actuator has a mechanical room lock that is built in, and there are adjustable built-in stops for in and out positions.

- A Bearing packs are bolted in 4 places, locking the gear and rack in place
- B A manual crank and extension rod comes standard with every unit, to serve as override if needed
- C Actuator motor is positioned to provide smoother movement and reduce twisting on the slide-out room
- D Alignment mechanism is separate from the linear actuator movement mechanism

Aluminum roof structure with double I-beam roof rafter 16" on center

#### 9-LAYER ROOF: (top to bottom)

- Peaked roof with BriteTek™ roof material
- · Luaun backer
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- Vapor barrier
- Luaun backer
- Vinyl ceiling

There's plenty of room to bring along all your gear in the exterior storage spaces.

## 6-LAYER EXTERIOR WALL: (left to right)

- Smooth .040 aluminum is standard;
   high-gloss gel coat fiberglass is optional
- Interlocking C-Channel filled with 1-1/2" fiberglass insulation bonded in place so it doesn't sag or leave spaces uninsulated
- Vapor barrier
- Bead foam adds comfort, saves energy and provides a thermal insulative barrier
- Vapor barrier
- · Interior paneling

## 6-LAYER FLOOR: "WORKS IN THE BASEMENT"

The underside of your fifth wheel features a 6-layer floor and a fully enclosed, heated and protective underbelly. The underbelly encloses the wiring harness and fresh water tanks. It helps protect the fluids from freezing and improves the overall insulation of the coach. The underbelly's outer shell is made of rugged composite material

that withstands damage from road debris. By smoothing out the undercarriage, the underbelly provides an unrestricted air flow that results in easier towing and improved gas mileage. In addition, the frame is coated with a rust-inhibiting, electro deposit ion coating.

## BODY CONSTRUCTION: FEATURES

- Alumaframe® Superstructure
- E-Coated Frame
- · Vinyl Exterior Graphics
- Smooth .040 Aluminum Exterior Walls
- Front and Rear Molded Fiberglass Caps
- Main Slide-Out House, 6' 1" Head Room

Thank you for taking a closer look at the 2006 Alumascape. In addition to its many creature comforts, this value-packed towable includes countless conveniences you'll want to experience firsthand. Poke around. Kick the tires. Open and shut every door and drawer — twice. You can count on our expert sales team to answer all your questions and demonstrate why this truly is the best RV experience the road has to offer.

#### WARRANTIES

12 Month basic limited warranty

**5 YEAR** limited warranty on aluminum or steel frame structure of sidewall, roof, front and rear cap

Applies to certain models. See owner's manual for complete details.

# ALL EYES ON THE ROAD AHEAD.

If you're considering a Holiday Rambler, chances are you share our pioneer spirit. For us, it goes back to 1953, the year we introduced our first travel trailer. Since then, our countless innovations have helped create a rich, rewarding lifestyle — and a new way for families like yours to go exploring.

Yes, we're proud of our heritage — but we're not looking back. In these pages, you'll discover that we continue to lead the entire industry. With exciting new features, roomy slide-outs, a huge selection of floorplans and, as always, more ways of keeping you and your loved ones safe.

Whether you're looking for the value of a towable, the convenience and economy of a gas motorhome or the top-of-the-line luxury of a diesel coach — Holiday Rambler has an unbeatable model for your budget. Because in 2006, one thing's for sure. We're still paving the way.
