

**Light weight folding travel trailers with a bonus!
Fuel savings and fits in most garages**

"Off the ground but close to the earth"

Classic Series

Alpine

Arrowhead

LTW

XL Series

XL1938

XL1930

XL1935

Chalet is your vehicle to adventure, comfort, and security. Effortless to tow, uncomplicated set up, ample storage, and ingenious interior layout makes this efficient design a perfect protection from the elements and a comfortable environment for you and your loved ones. With today's constant changing markets, and our inevitable future of higher fuel prices, Chalet has enhanced it's reputation of quality, value, and innovation with the benefits of efficiency and economy for your long term camping pleasures. There's an intellectual logic that drives our purchase decisions and ultimately controls your sense of freedom and desire for adventure. Chalet's light weight *Alpine*, *Arrowhead* and *LTW Travel Trailers*, with the low profile designs can be towed behind small SUV's and cars while maintaining higher fuel efficiency than with taller trailers.

Shown below is the Arrowhead model

Optional Wet Bath

The rugged construction of the steel frame and suspension allows the Chalet to follow the tow vehicle wherever it goes. Different from most "pop up" trailers the Chalets can be used year-round in all types of weather. The insulated walls and floors provide excellent warmth in the winter and cooling in the summer months. The standard models come equipped with the features needed to enjoy your camping adventures. Many options are available to further enhance your camping experience. Chalet's reputation is built on the quality of our construction and materials. Our composite-core floor system is an example of our dedication to improving quality. The floor system eliminates the worry of potential moisture problems in the future. Our factory team is dedicated to provide trailers that will give years of reliable carefree adventures.

You will be pleasantly surprised when you discover how easy it is to stop along the way and put the Chalet up to have a snack and rest. The Chalet is up in three easy steps taking less than a minute and does not need to be removed from the tow vehicle!

Raise the roofs

Raise the A- Walls

Latch the doors

Even though all models of Chalets are equipped with the features needed for camping, there are many options available to further enhance your camping experiences.

Easy to set up Awning along with the standard featured Smoke Glass windows provide a cool comfortable environment.

Outside BBQ Gas Grill

High volume cold air is distributed through the Ducted Air Conditioning System.

Deluxe Folding Faucet

Enclosed Cassette toilet unfolds providing privacy

Indestructible, water tight Cargo Box

AM/FM Stereo with CD and two Speakers.

A Hunter's Dream!
The Trail Boss Off Road Package provides additional ground clearance, wider tires, an extra entry step and protective Rock Guard on the front. This is a great option for those who travel on rough roads.

The Young Campers enjoy the Bunk option. It also provides additional storage when traveling.

Outside Shower is great for getting the sand off at the beach!

Take along the bicycles using our Bolt-on Bike Receiver.

Patented Ergonomic Roof Lift System.

The XL Series models provide ample space for larger families with sleeping accommodations for up to six. The wider, longer design provides efficient storage and a comfortable environment. The XL series is quick to set up by simply pushing a button on the outside of the XL and our patented electric lift system quickly lifts the roofs into place. The A-walls are then manually lifted into place with the assistance of the gas struts on each of the walls.

XL1910

XL1910 Optional Wet Bath with Cassette Toilet.

XL 1935 with the Hard Sided Dormer allowing comfortable headroom and working space.

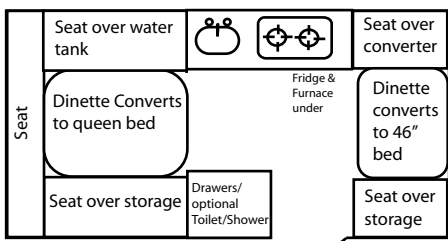

Efficient, spacious Wrap-Around Galley with high quality appliances and lots of storage.

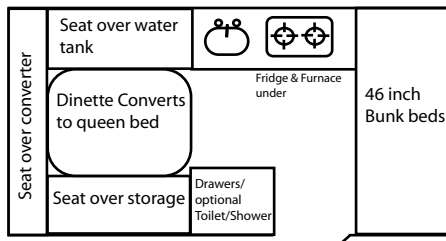

Quick to set up Wet Bath. Rich Cherry cabinetry is used throughout the living space.

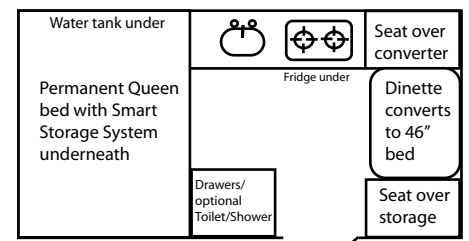

Permanent Queen Sized Bed with deluxe foam mattress and Underbed Smart Storage System.
