When you decide to take that fishing trip to the lake or go to the mountains to hunt Elk, Real-Lite offers the most comfortable truck campers on the market. You can choose a Soft Side model featuring a pop-up roof providing low profile aerodynamic design or a Hard Side model with all the features of home.

The Soft Side's lower walls are constructed of sturdy laminate topped by a durable vinyl coated canvas allowing for an expanded full stand-up interior.

If you choose the Hard Side model you will enjoy a unit built with a laminated smooth fiberglass exterior and an interior that features the comforts of home.

Whichever you choose—Enjoy!
