## 34C 2003 Cottager

by Glendale RV

### CONSTRUCTION

**SIDEWALLS:** 2" x 2" sidewall framing. Thick fiberglass batt insulation blankets the sidewall structure. All framework is positioned at 16" O.C. construction standards. Aluminum exterior siding (.025" gauge) includes baked enamel smooth finish with built in U.V. shielding to provide years of high luster appearance and "easy clean" finish surface.

**ROOF:** Quiet, durable, and seamless rubber roof membrane is bonded to 3/8" oriented strand board. Full 5 1/2" tapered crown roof structure provides outstanding strength and superior water drainage. Tapered bow truss framing. Thick fiberglass batt insulation.

**FLOOR:** 5/8" tongue and groove plywood flooring. Screwed and glued to 2" x 3" main floor frame. Seamless Darco polyethylene moisture barrier between chassis and floor. Seam guard under vinyl floor coverings.

**CHASSIS:** 7" steel tube frame construction. Specially formulated chassis undercoating provides many years of corrosion and paint protection.

**SLIDE OUT SPECIFICATIONS:** "No step" flush floor design between main body and slide outs. "Maintenance free" slide out system self supports.

**INTERIOR CABINET DOORS:** Oak panel cabinet doors with brass hardware. T&G inter-locking cabinet door miters. Many cabinets feature center shelves for stacking convenience.

**WINDOWS:** "Awning Style" window openings provide "protected ventilation" in rainy weather. Opening the vent creates an awning, so the window can be opened for fresh air while channeling water outward from the vehicle wall. Screens are removable.

### APPLIANCES

**REFRIGERATOR:** Large double door residential style Fridgidaire 14.4 cubic foot capacity.

**RANGE:** *Wedgewood* H/O 21", 3 burner, piezo ignitor.

**FURNACE:** *Hydro-Flame* auto-ignition 35,000 BTU ducted in floor heat system.

**MICROWAVE OVEN:** *Dometic* 1.3 cubic foot with turntable.

**AIR CONDITIONER:** Ceiling is ducted for **OPTIONAL Dometic Briskair** 13,500 BTU air conditioner. Duct system is thermal insulated to prevent condensation build up, provide quiet operation, and to allow maximum efficiency of the optional air conditioner.

### ENTERTAINMENT

**STEREO:** AM/FM stereo and CD Player.

**TV HOOKUP:** Coax cable hookup in bedroom and living area.

### PLUMBING

**WATER HEATER:** *Atwood* fast recovery 10 gal. LP operation.

### HOLDING TANK CAPACITY:

Sewage Tank: 49 gal.

### ELECTRICAL

Exterior courtesy light and switch at patio door. Exterior and interior G.F.I circuits.

**HOOKUP:** 30 Amp.

### OTHER STANDARD FEATURES

Flush floor between slide outs and main floor of Park Model, oak finished free standing dinette, sofa bed, wire rack wardrobe shelving, 110V lighting, polished brass hardware, plush carpeting with premium underpad in livingroom and bedroom, detachable hitch assembly, sliding wardrobe doors, 2 x 30 lb. propane bottles, smoke detector, Ikea style chair, 60"x 80" orthopedic quality coil inner spring queen bed.

### OPTIONAL EQUIPMENT

Storm windows, TV Antenna with booster, house type toilet, 13,500 BTU roof mount air conditioner, A&E 24' aloe/white awning with center rafter, 2 bar stools.

All specifications subject to change without notice or obligation.

Selected floor plan layouts offer our "Optional Bar Stools"

# PARK MODEL

## 382PA 2003 Park Model

by Glendale RV

### CONSTRUCTION

**SIDEWALLS:** 2" x 3" sidewall framing. Thick fiberglass batt insulation blankets the sidewall structure. All framework is positioned at 16" O.C. construction standards. Aluminum exterior siding (.025" gauge) includes baked enamel smooth finish with built in U.V. shielding to provide years of high luster appearance and "easy clean" finish surface.

**ROOF:** Quiet, durable, and seamless rubber roof membrane is bonded to 3/8" spruce plywood. Full 5 1/2" tapered crown roof structure provides outstanding strength and superior water drainage. Tapered bow truss framing. Thick fiberglass batt insulation.

**FLOOR:** 5/8" tongue and groove plywood flooring. Screwed and glued to 2" x 4" main floor frame. Seamless Darco polyethylene moisture barrier between chassis and floor. Seam guard under vinyl floor coverings.

**CHASSIS:** 12" steel tube frame construction. Specially formulated chassis undercoating provides many years of corrosion and paint protection.

**SLIDE OUT SPECIFICATIONS:** "No step" flush floor design between main body and slide outs. "Maintenance free" slide out system self supports.

**INTERIOR CABINET DOORS:** Raised panel oak cabinet doors with brass hardware. T&G inter-locking cabinet door miters. Many cabinets feature center shelves for stacking convenience. "Easy Glide" metal roller system on all drawers.

**WINDOWS:** "Awning Style" window openings provide "protected ventilation" in rainy weather. Opening the vent creates an awning, so the window can be opened for fresh air while channeling water outward from the vehicle walls. Screens are removable. Metal venetian blinds.

### APPLIANCES

**REFRIGERATOR:** Large double door residential style Frigidaire 16.5 cubic foot capacity.

**RANGE:** Frigidaire 30" free standing residential style range, white finish, white oven door.

**FURNACE:** Hydro-Flame auto-ignition 40,000 BTU ducted in floor heat system.

**MICROWAVE OVEN:** 30" Frigidaire microwave includes turntable, programmable, and built in range hood vent.

**AIR CONDITIONER:** Dometic 15,000 BTU thermal insulated ducted in ceiling cool air system.

### ENTERTAINMENT

**STEREO:** Programmable 3 disc CD plus AM/FM stereo.

**TV HOOKUP:** Coax cable hookup in bedroom and living area.

**TELEPHONE JACK:** 3 Std. equip.

**SATELLITE HOOK UP:** Park Model is pre-wired for quick dish connection.

### PLUMBING
